# About Us

In 2009, Medixsoft Company was established with the aim of assisting clients in the education and healthcare sectors to enhance performance, navigate complex regulations, reduce costs, recover from distress, leverage technology, and drive growth. Our company works closely with clients to deliver sustainable and measurable results. We serve a diverse range of organizations, including leading academic institutions, healthcare organizations, Fortune 500 companies, and medium-sized businesses.

In 2022, Medixsoft underwent a rebranding process and emerged as eKohi Technologies, following the successful development of a series of educational software solutions tailored to address the specific challenges faced by school districts and universities. This expertise positions eKohi as the preferred choice for clients seeking tangible results.

# Kindergarten Reports Cards

eKohi Technologies has developed a unique Kinder report card specifically designed to assess and track the progress of kindergarten students. This report card utilizes symbols such as "proficient," "developing," and "emerging" to provide a holistic assessment of student performance. Here's an overview of the sections and objectives covered in the Kinder report card:

The screenshot displays the 'KINDERGARTEN REPORT CARD' interface. At the top, there is a navigation bar with 'Logout' and 'Report Card' options, and a welcome message 'Welcome Teacher LN-22731'. Below this is a search bar labeled 'Advance Search'. The search filters include 'School Year' (2023-2024 - ( Current )), 'Campus' (Reagan Elementary), 'Student ID', 'Student First Name', 'Student Last Name', and 'Status' (All). There are 'Search' and 'Reset' buttons. Below the search filters is a 'POST TO PARENT PORTAL' button and a 'STATUS' dropdown menu. The main data table has columns for 'STUDENT ID', 'FIRST NAME', 'LAST NAME', 'GENDER', 'AT-RISK', 'LEP', 'GT', 'SPECIAL ED', 'ECD', and 'REPORT CARD'. The 'REPORT CARD' column is further divided into six categories (1-6) and a 'FINAL' column. The table shows four rows of student data with various status indicators.

STUDENT ID	FIRST NAME	LAST NAME	GENDER	AT-RISK	LEP	GT	SPECIAL ED	ECD	REPORT CARD						
									1	2	3	4	5	6	FINAL
11268	Student	LN-11268	♂	✓					PPP	PPP	N	NS	NS	NS	C
12527	Student	LN-12527	♂						PPP	PPP	N	NS	NS	NS	C
12619	Student	LN-12619	♀				✓		PPP	PPP	N	NS	NS	NS	C
13008	Student	LN-13008	♂						PPP	PPP	N	NS	NS	NS	C

The legend defines the status symbols used in the report card:

- N** New
- IP** In Process
- C** Complete
- PPP** Post To Parent Portal
- SBG** Signed By the Guardian
- NS** Not Started

### 1st Grading Period Teacher Comments

Student LN-11268 has made great strides in his/her development this year.

In addition to the objectives in each section, the report card includes attendance tracking, state assessment results (such as STAR Early Literacy), and a section for parents to provide their digital signature, indicating that they have reviewed the report card.

By providing a comprehensive assessment of a Kindergarten student's progress in various subject areas, learning behaviors, and social-emotional development, the Kinder report card developed by eKohi Technologies offers valuable insights for parents, educators, and students themselves.
