Educational Software Solutions

About Us

In 2009, Medixsoft Company was established with the aim of assisting clients in the education and healthcare sectors to enhance performance, navigate complex regulations, reduce costs, recover from distress, leverage technology, and drive growth. Our company works closely with clients to deliver sustainable and measurable results. We serve a diverse range of organizations, including leading academic institutions, healthcare organizations, Fortune 500 companies, and medium-sized businesses.
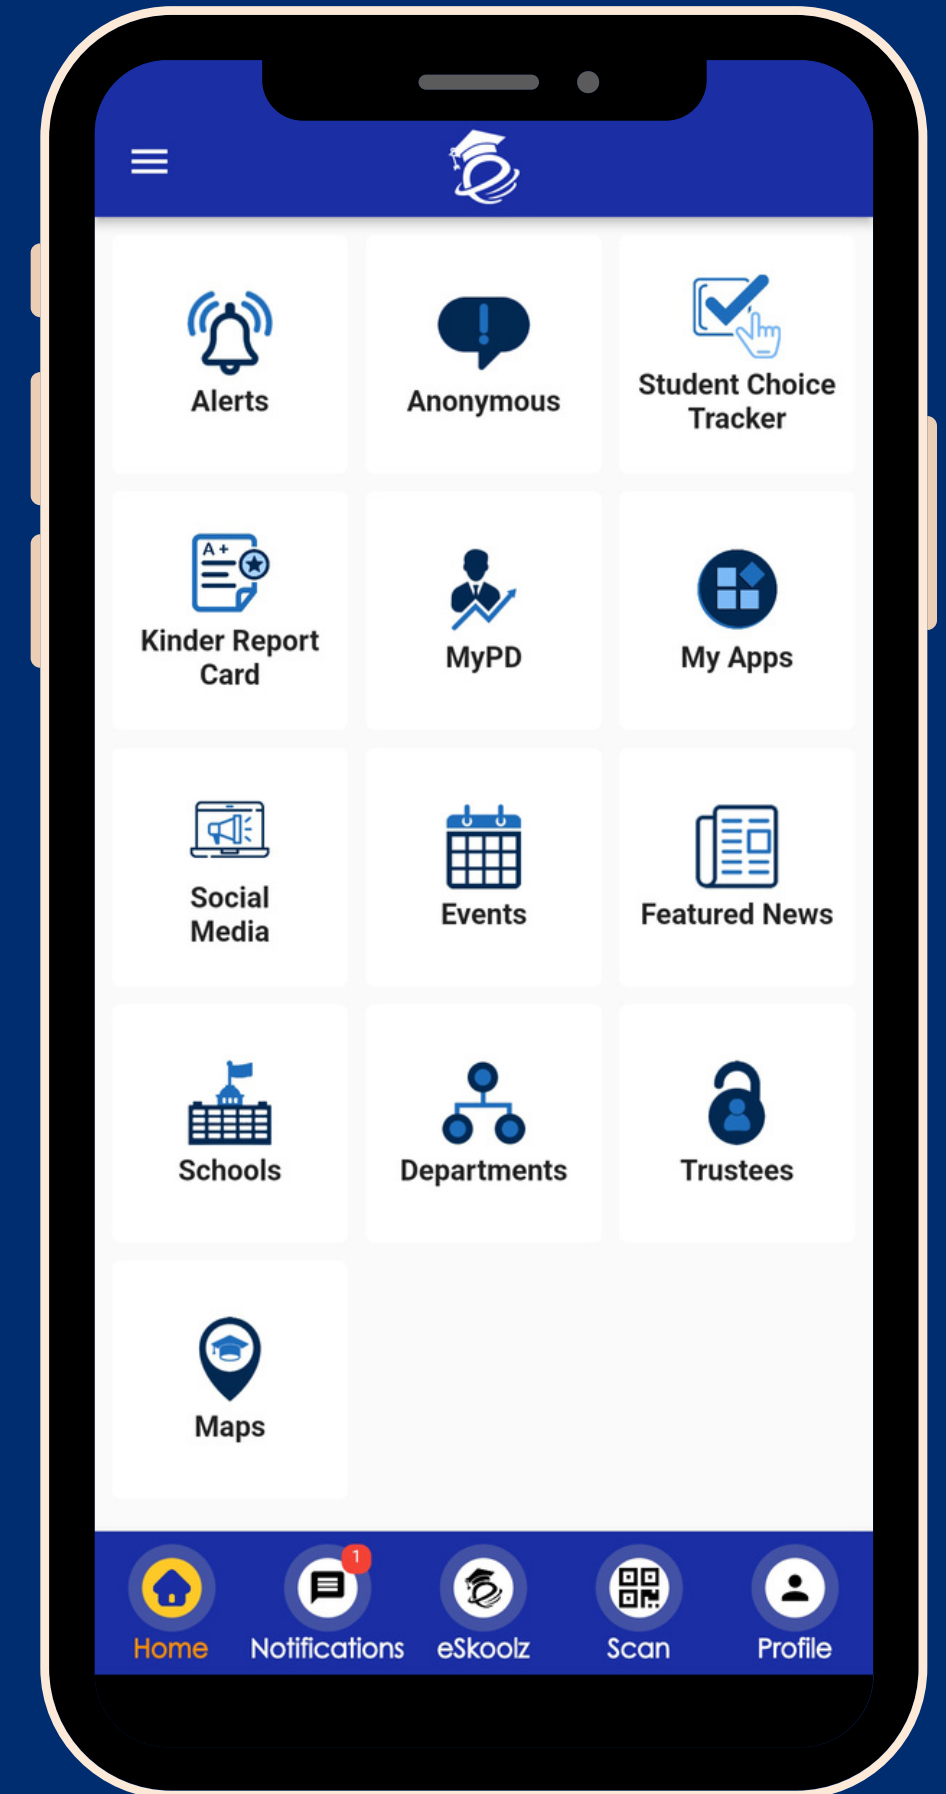

In 2022, Medixsoft underwent a rebranding process and emerged as eKohi Technologies, following the successful development of a series of educational software solutions tailored to address the specific challenges faced by school districts and universities. This expertise positions eKohi as the preferred choice for clients seeking tangible results.

eSkoolz The Mobile Platform

eSkoolz is a comprehensive mobile platform developed by eKohi Technologies that enables the district to efficiently share information with parents, students, teachers and school staff. The platform offers various district applications and features, all built using Google Flutter technology for cross-platform compatibility. Here's an overview of the major applications and features available in eSkoolz:
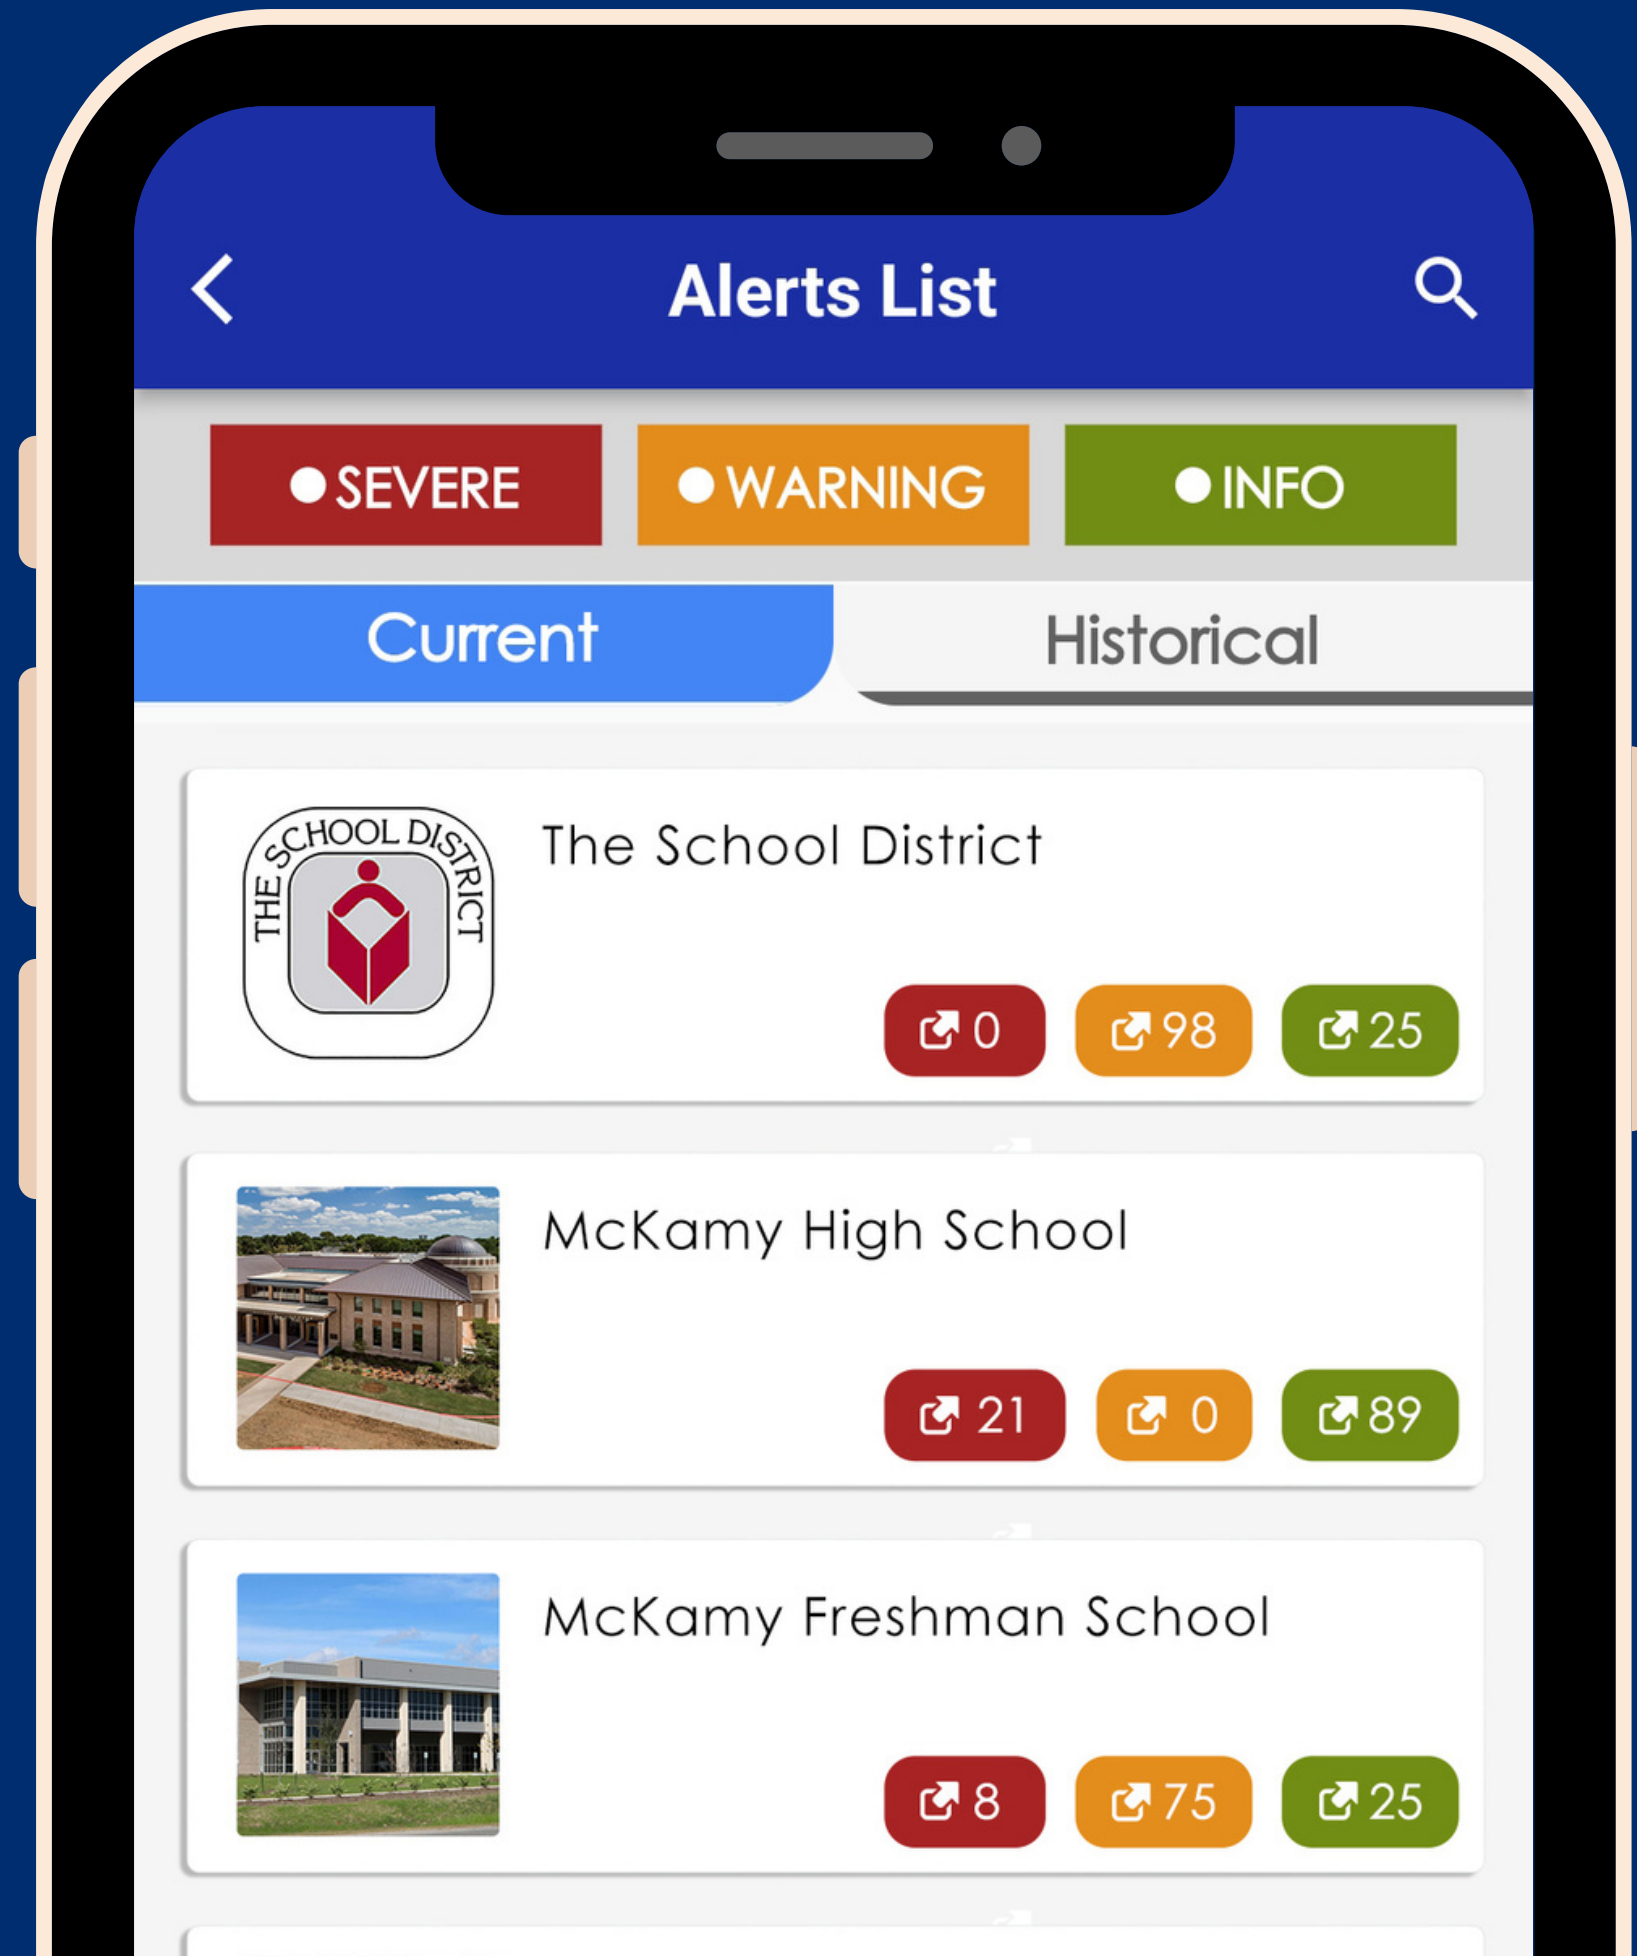

- **District & Community Alerts**
- **Anonymous/Bullying Reporting**
- **Student Choice Tracker System**
- **Kinder Report Cards**
- **MyPD**
- **MyApps**
- **District Events**
- **Featured News**
- **All Schools Info**
- **Trustees and Departments**

District & Community Alerts

The Alerts feature allows the district to send important notifications and updates to parents, students, teachers and Staff. This ensures urgent emergency communication to all district parents, teachers, students and staff; and timely notices regarding school closures, upcoming events, and other essential information.
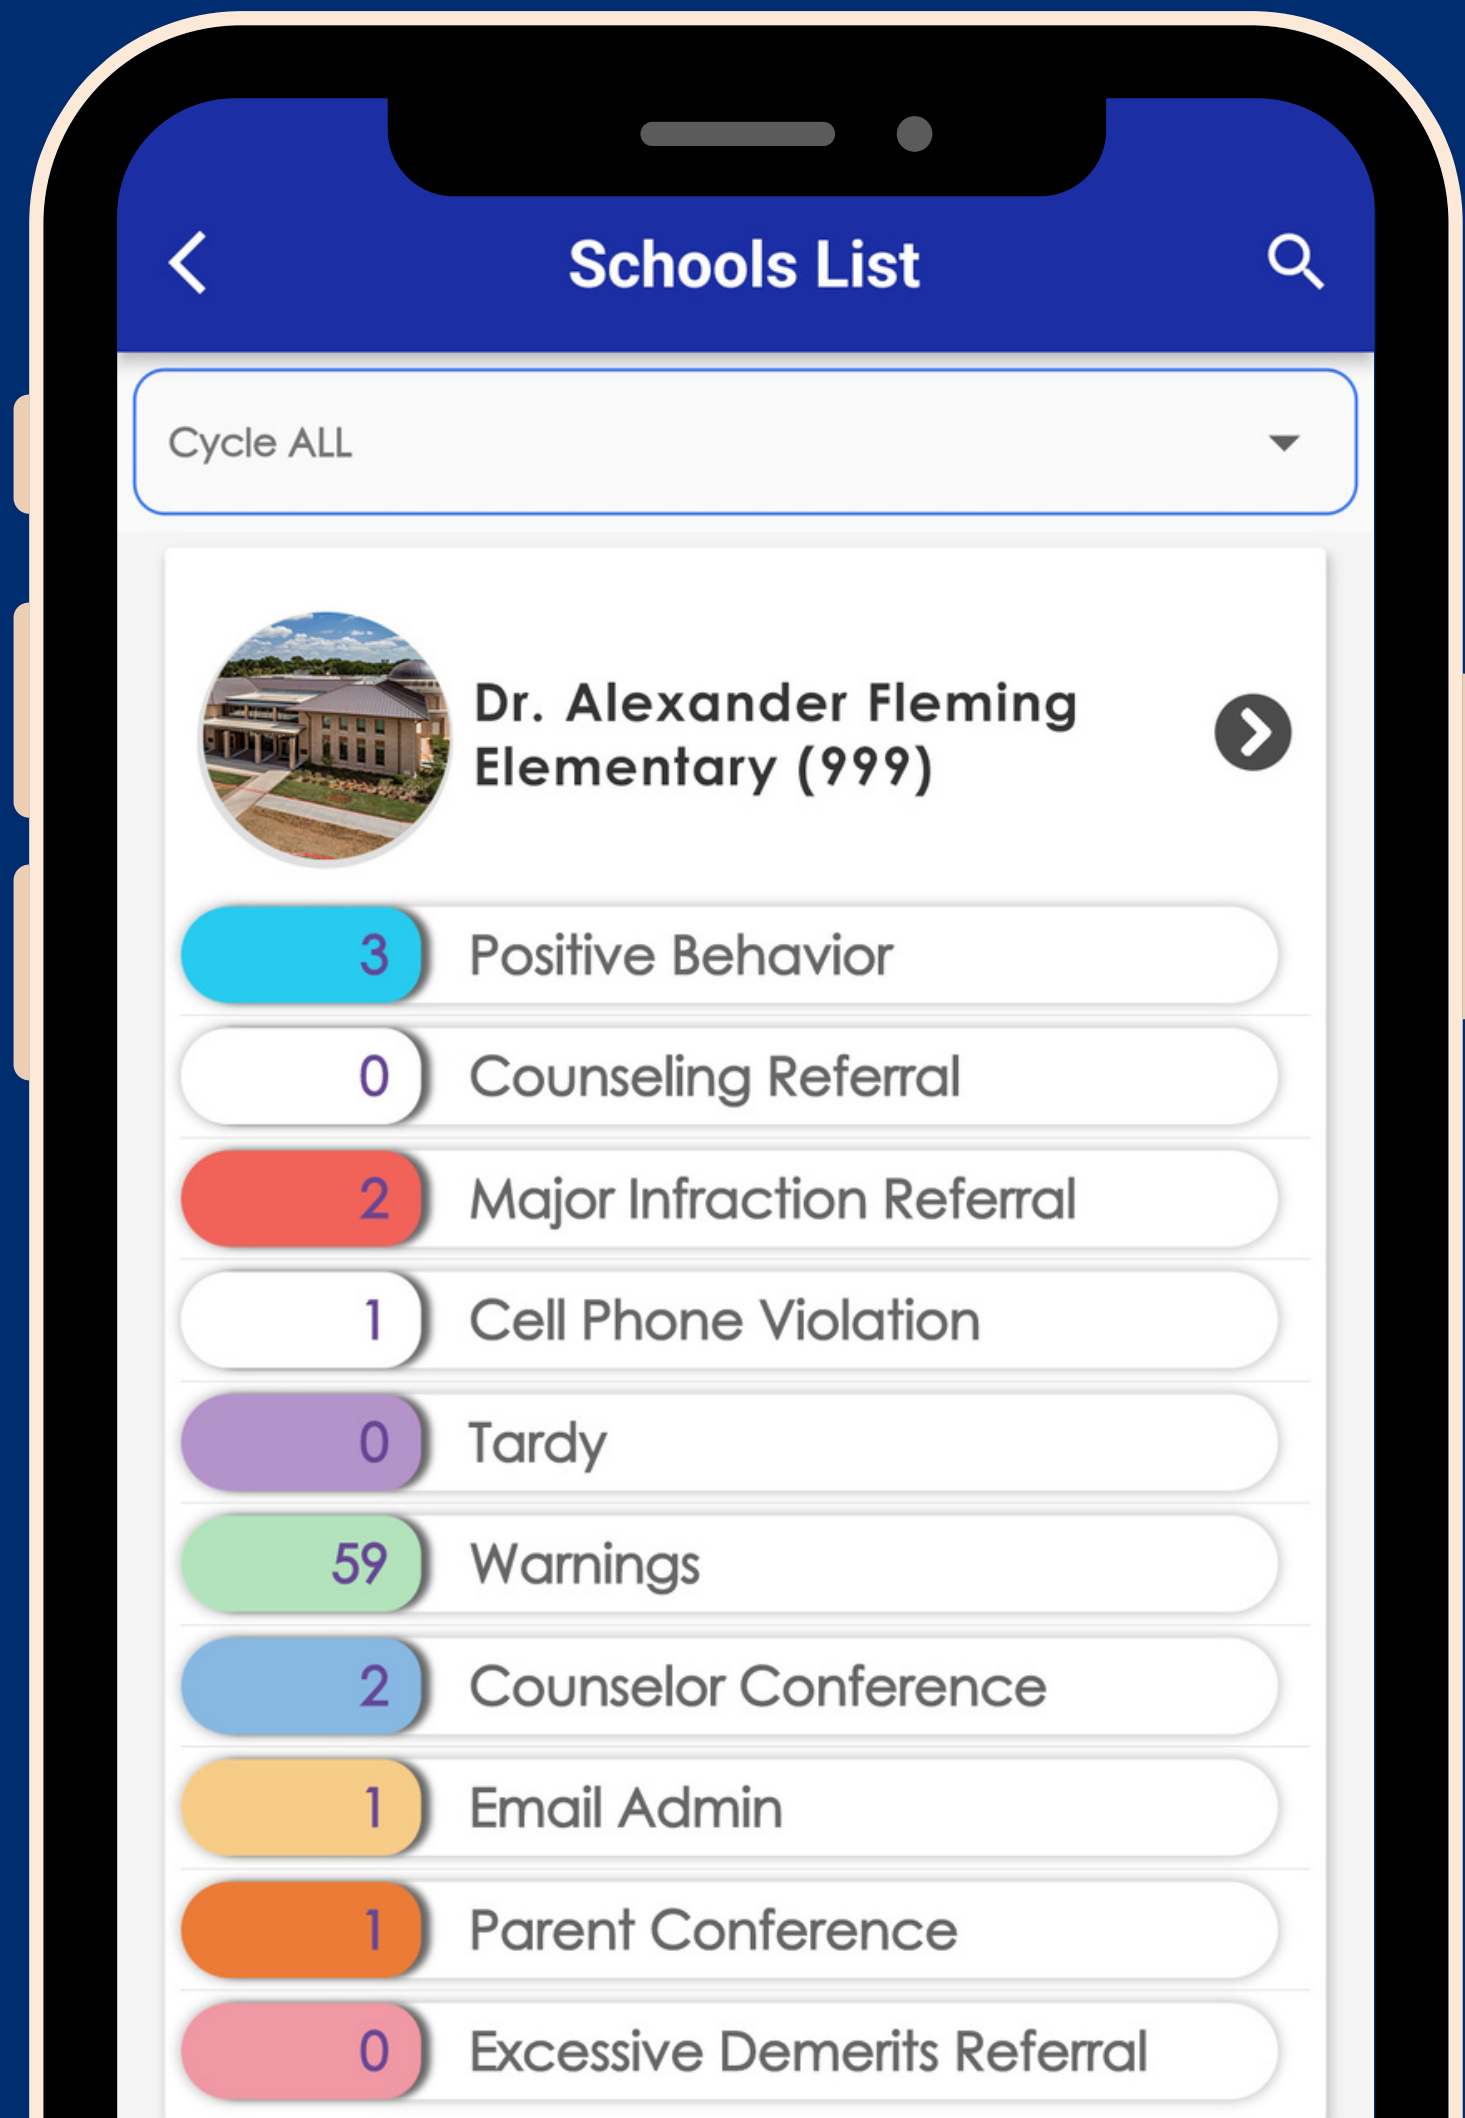

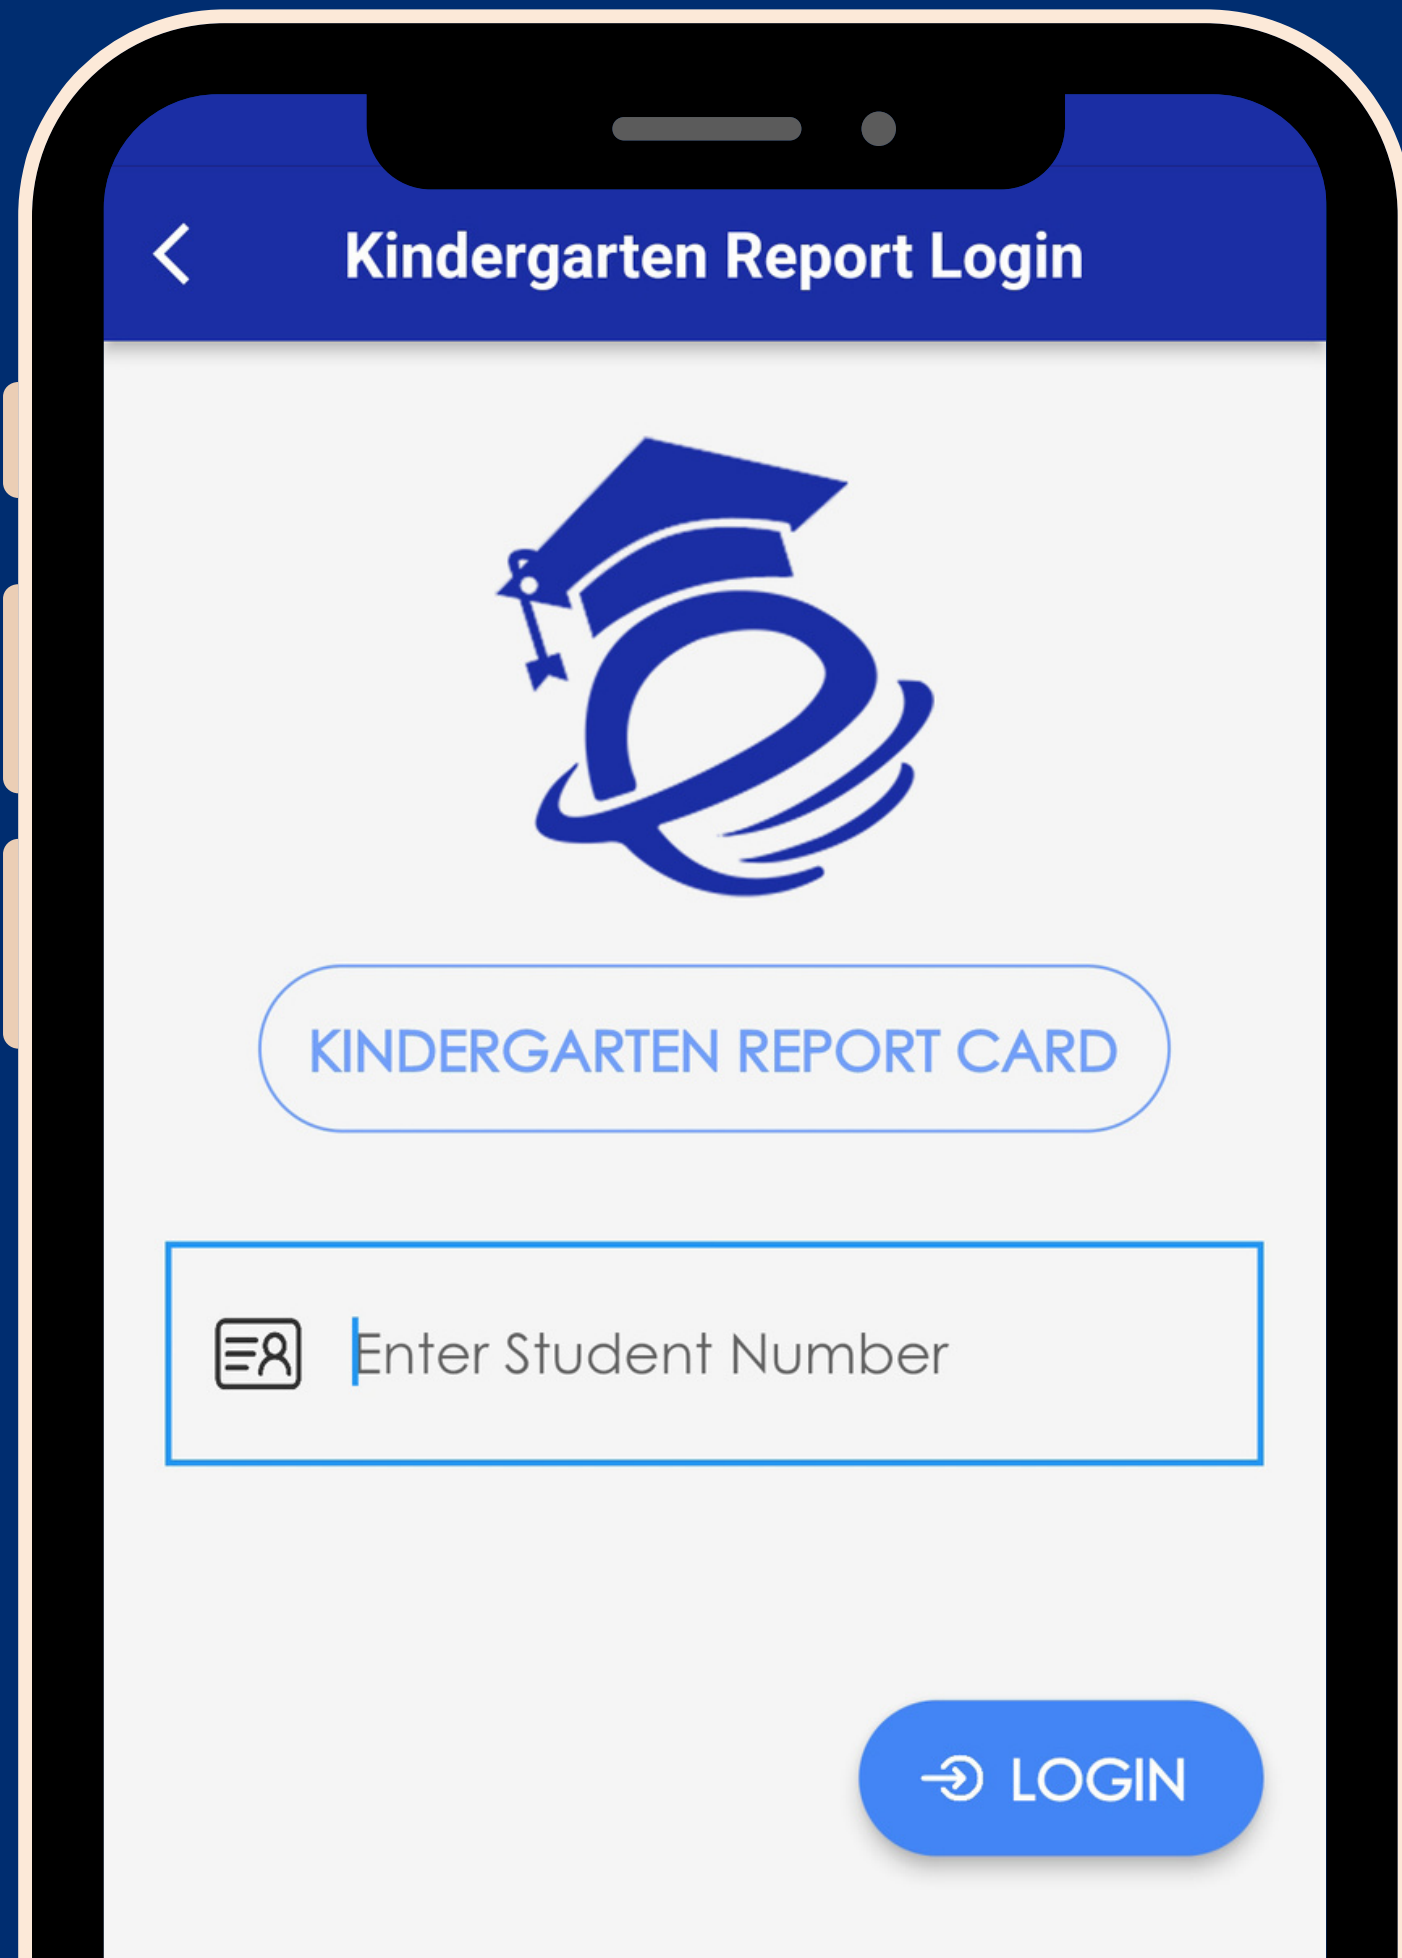

Anonymous / Bullying Reporting

eSkoolz includes a district and campus specific reporting system that allows users to submit anonymous reports about bullying or other safety concerns. This feature encourages a safe and secure environment within the district and promotes prompt intervention and support with a built-in Incident Management System (IMS).

Anonymous Reporting

Select the option which apply *

Bullying

School where incident occured *

Select School

Person Reporting Incident

At what time incident happen ? *

Select Time

Phone

Student Choice Tracker System

The Student Choice Tracker contains features to help track and manage student behavior by assigning demerits for rule violations or rewards positive behaviors. It provides a structured approach to addressing disciplinary issues and maintaining a positive school environment resulting in increased instructional time for teachers.
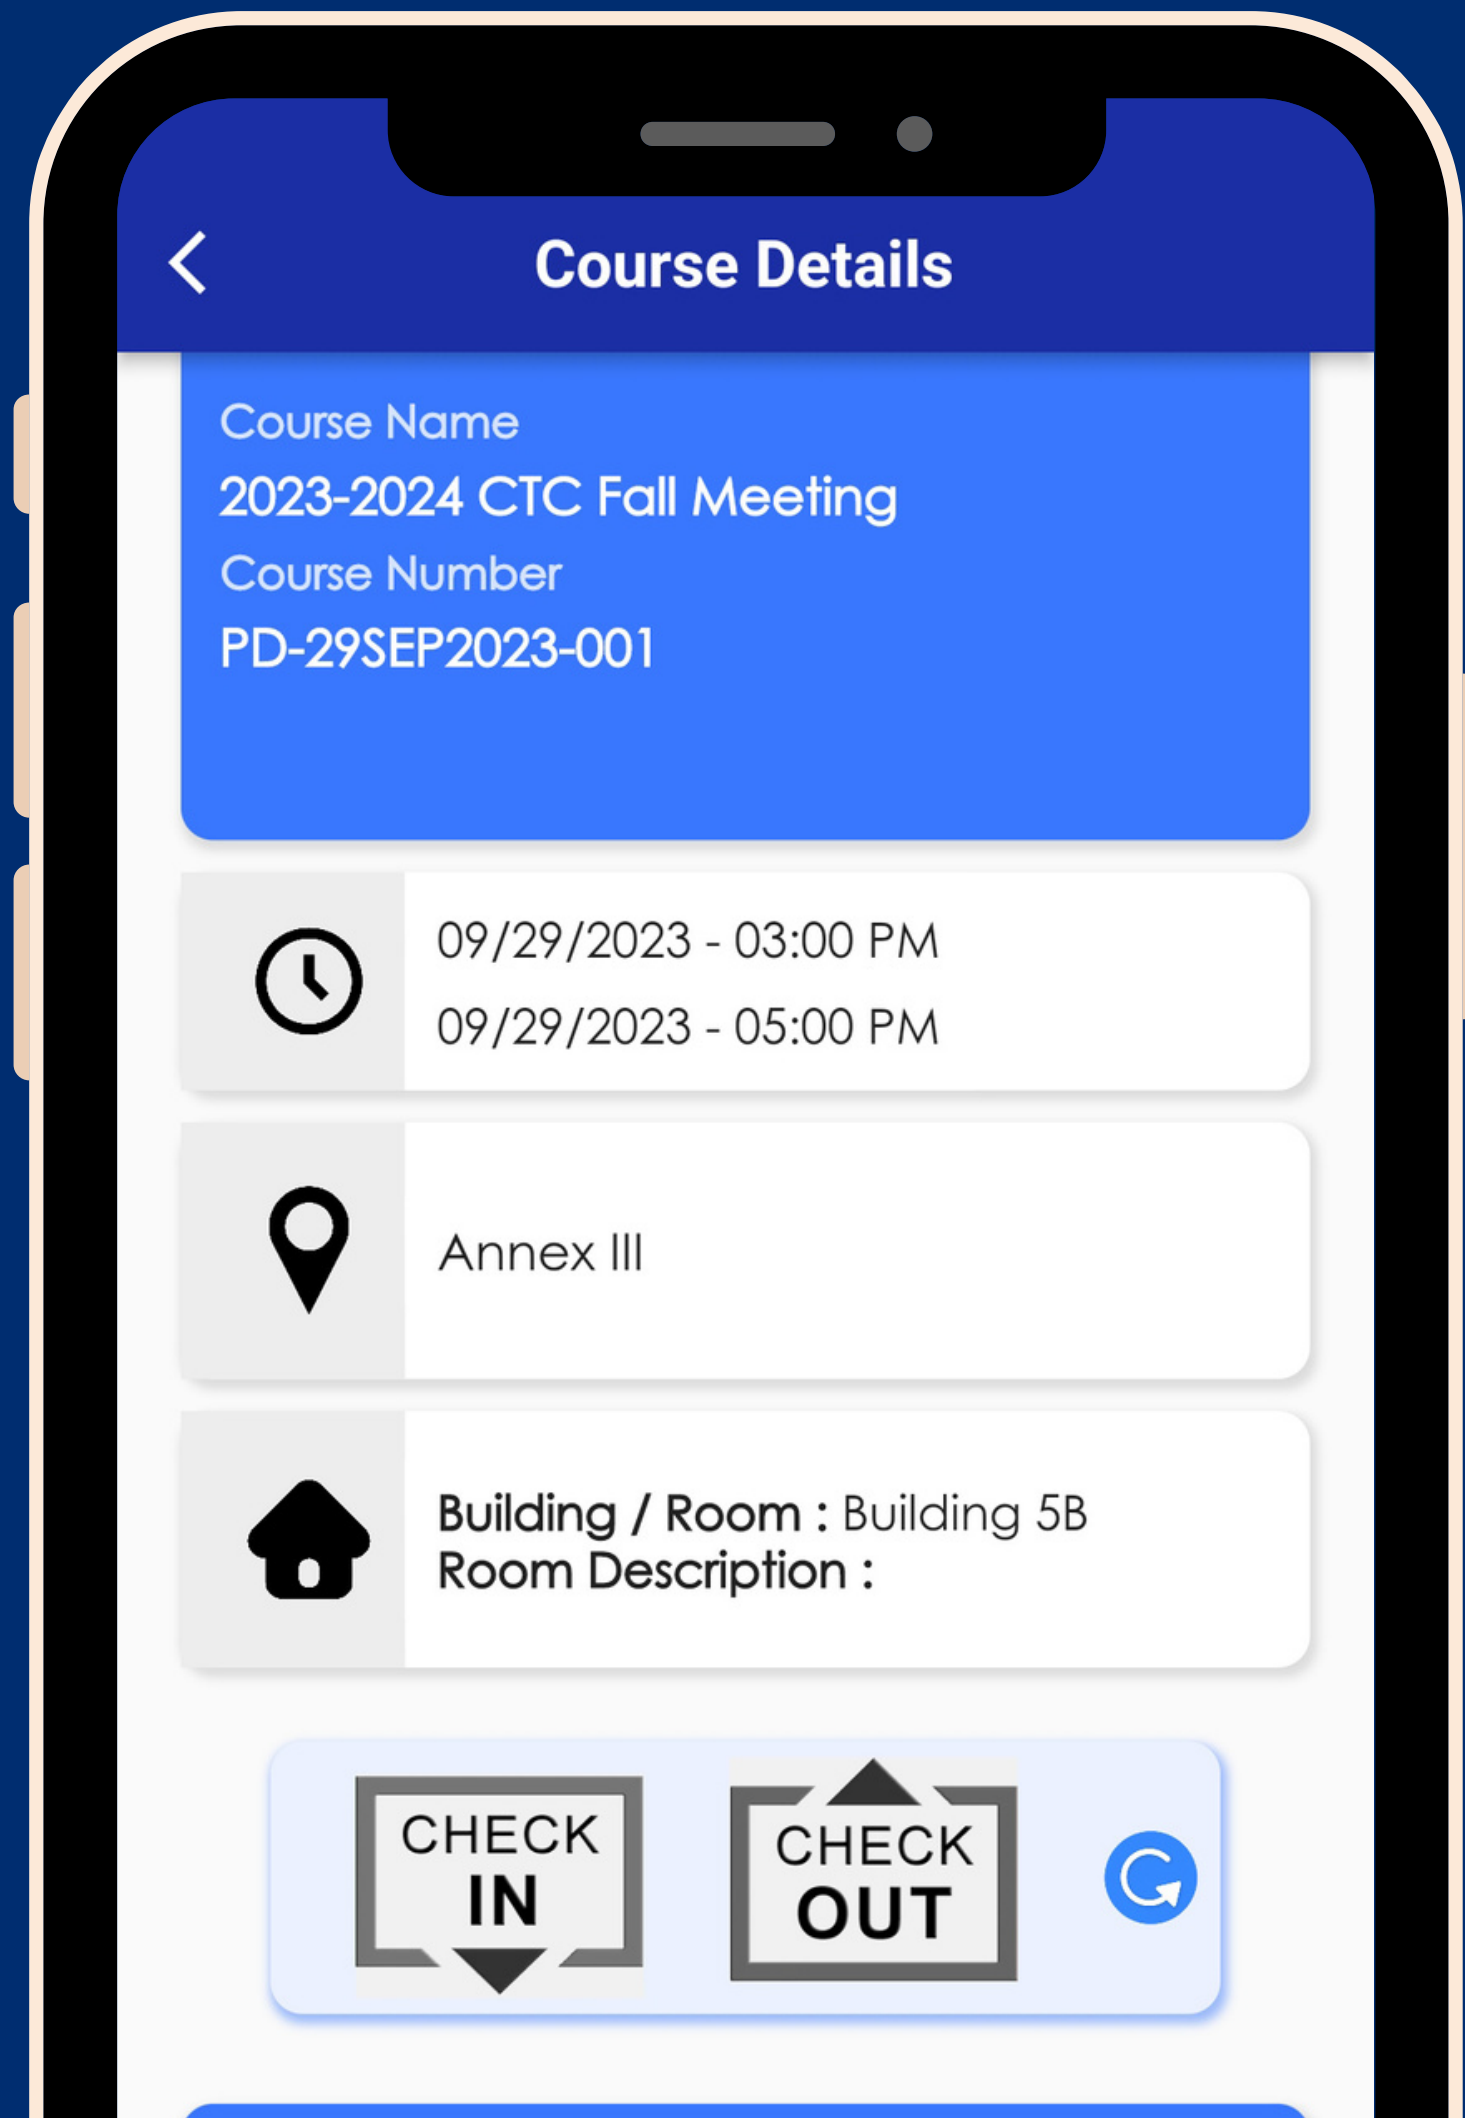

Kinder Report Cards

eSkoolz includes a feature for generating and distributing kindergarten report cards. This simplifies the report card generation process and allows parents to easily access and review their child's progress.
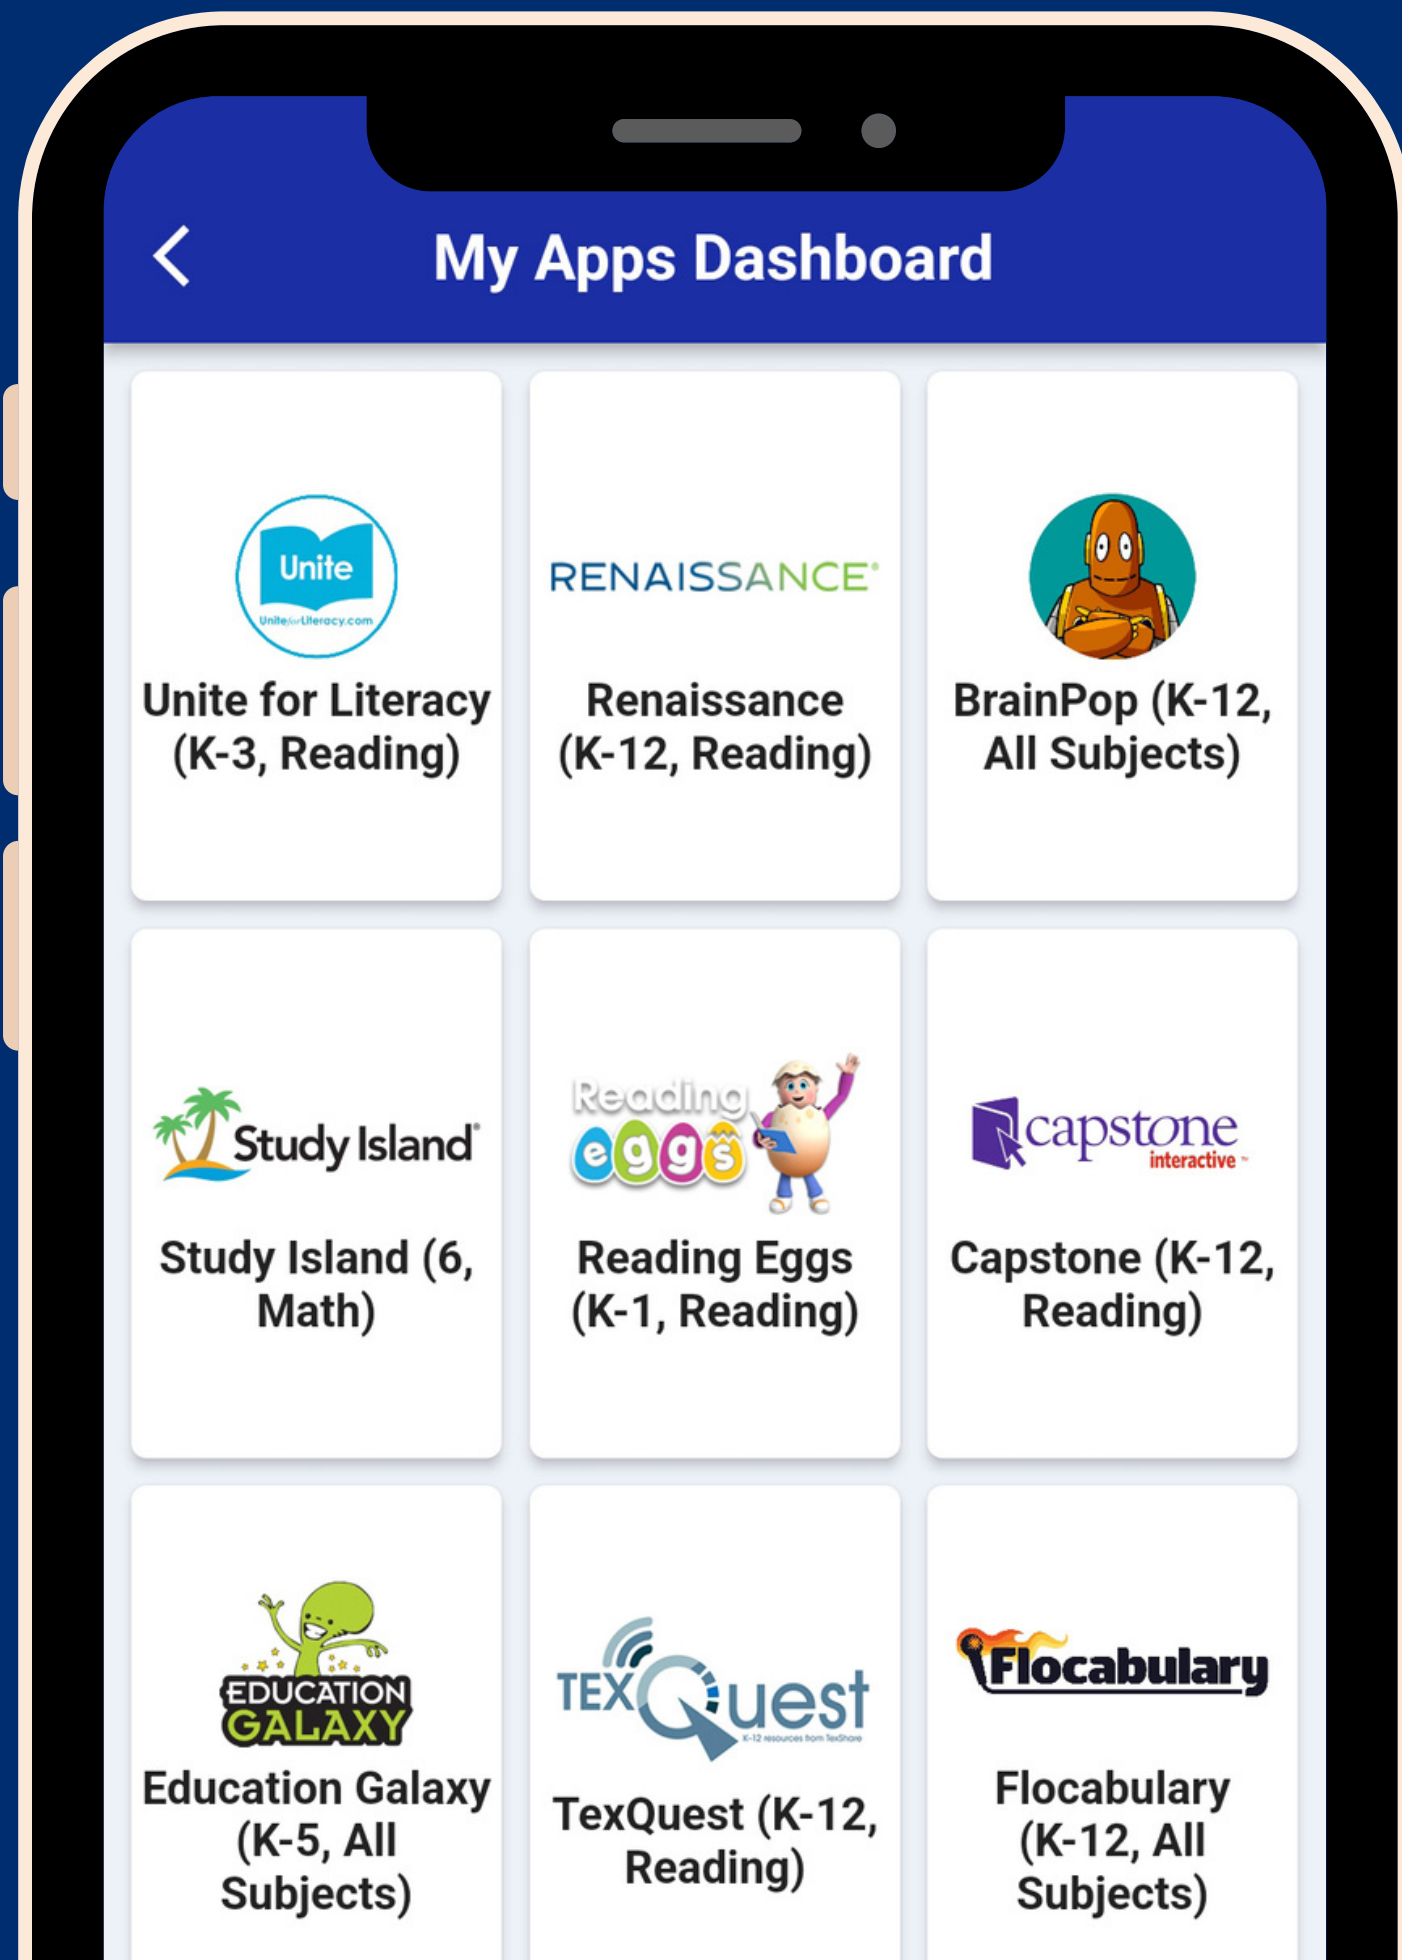

MyPD

MyPD Is an application within eSkoolz that assists in managing professional development events and tracking accreditation records for educators. It eliminates all manual tracking of teacher development. MyPD simplifies event registration, attendance tracking, and credit hour management
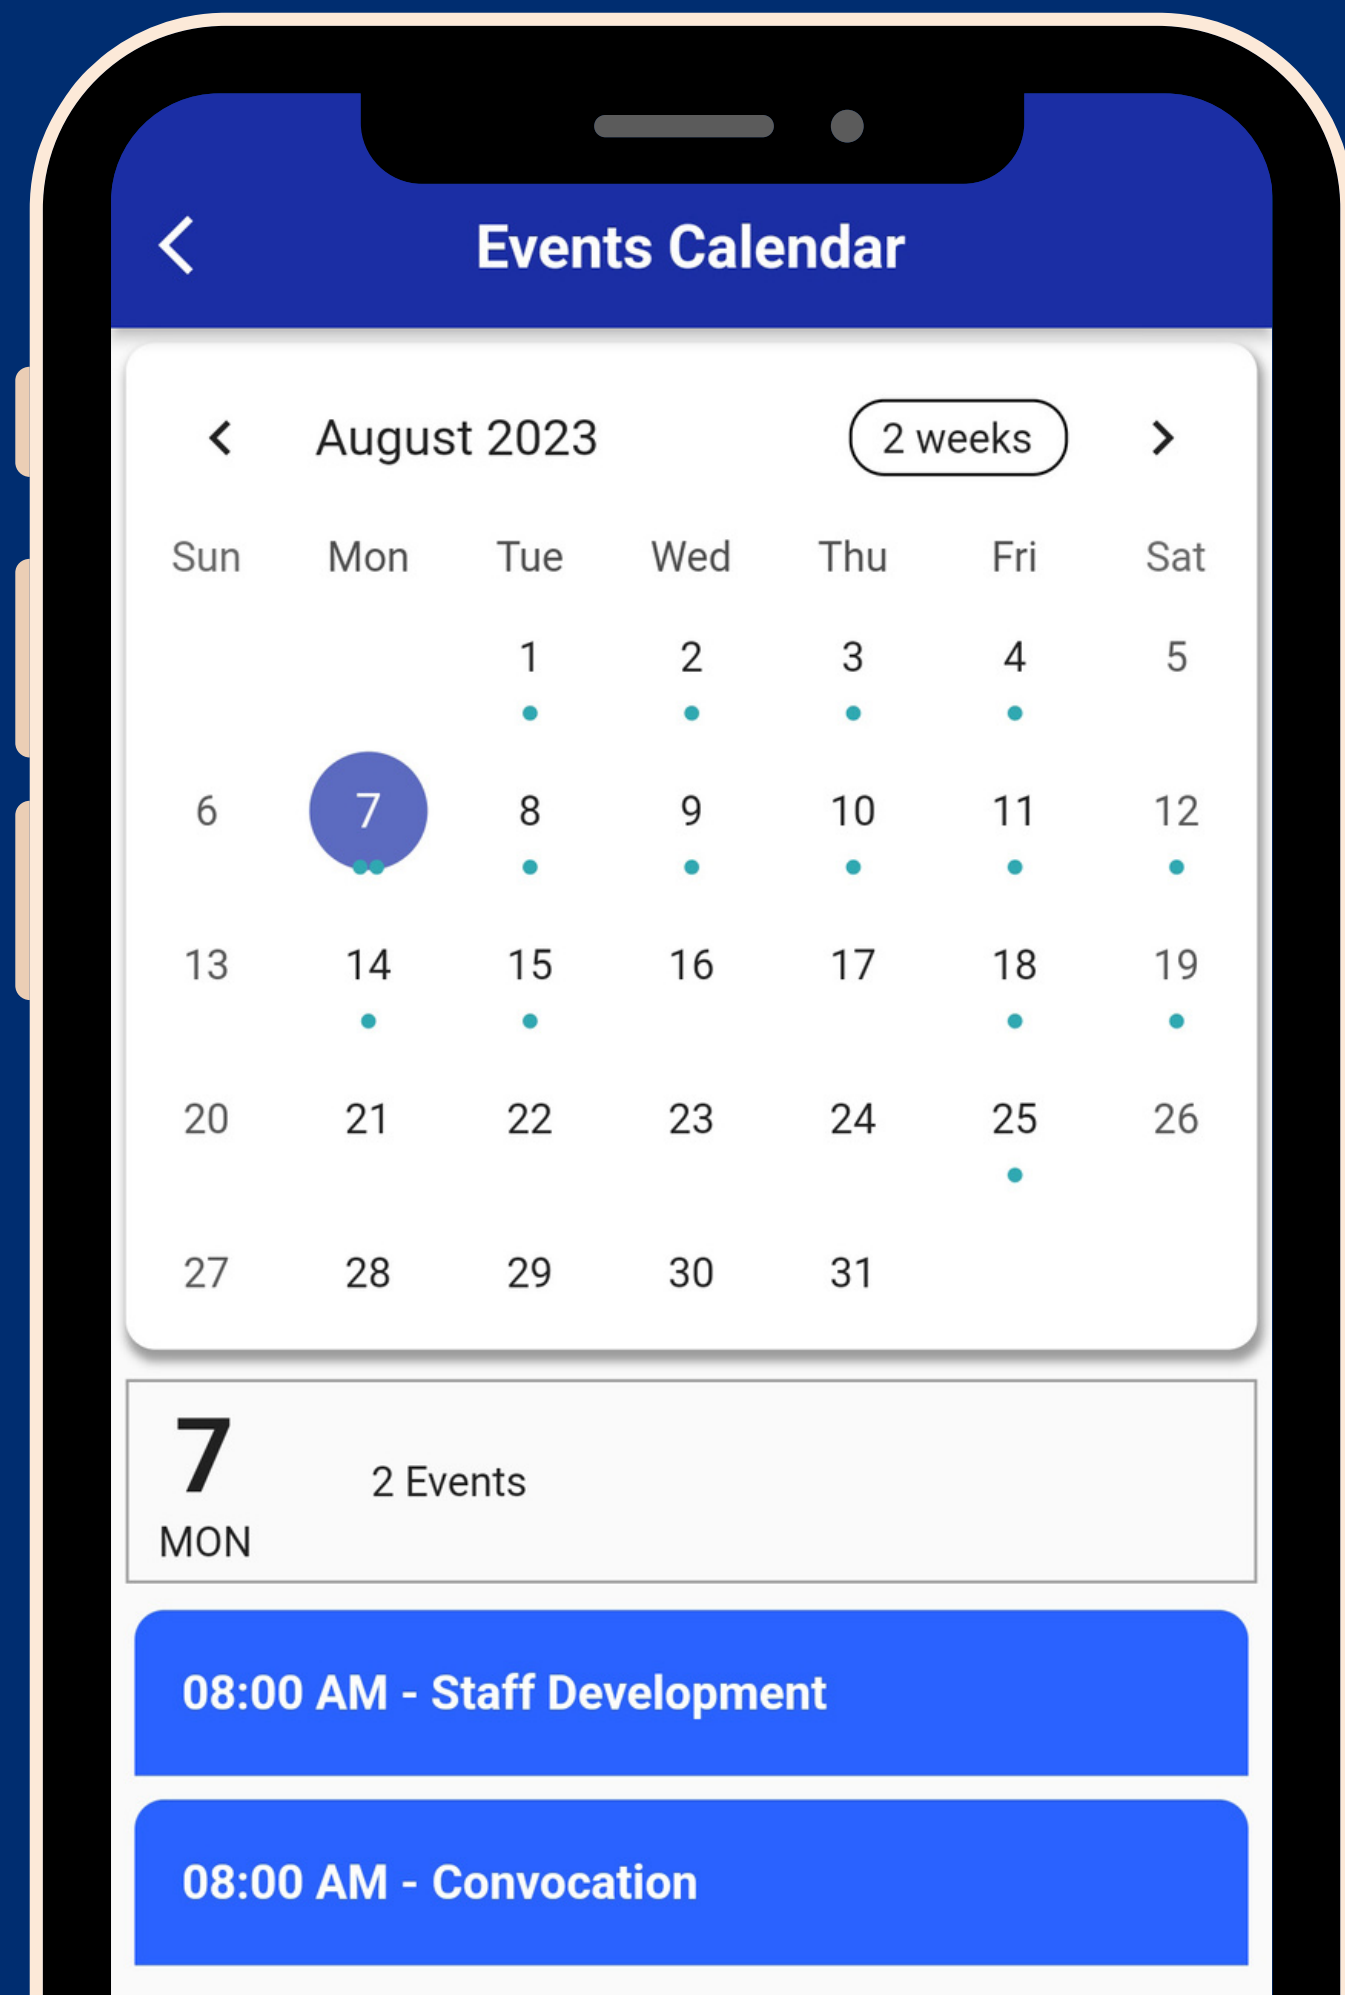

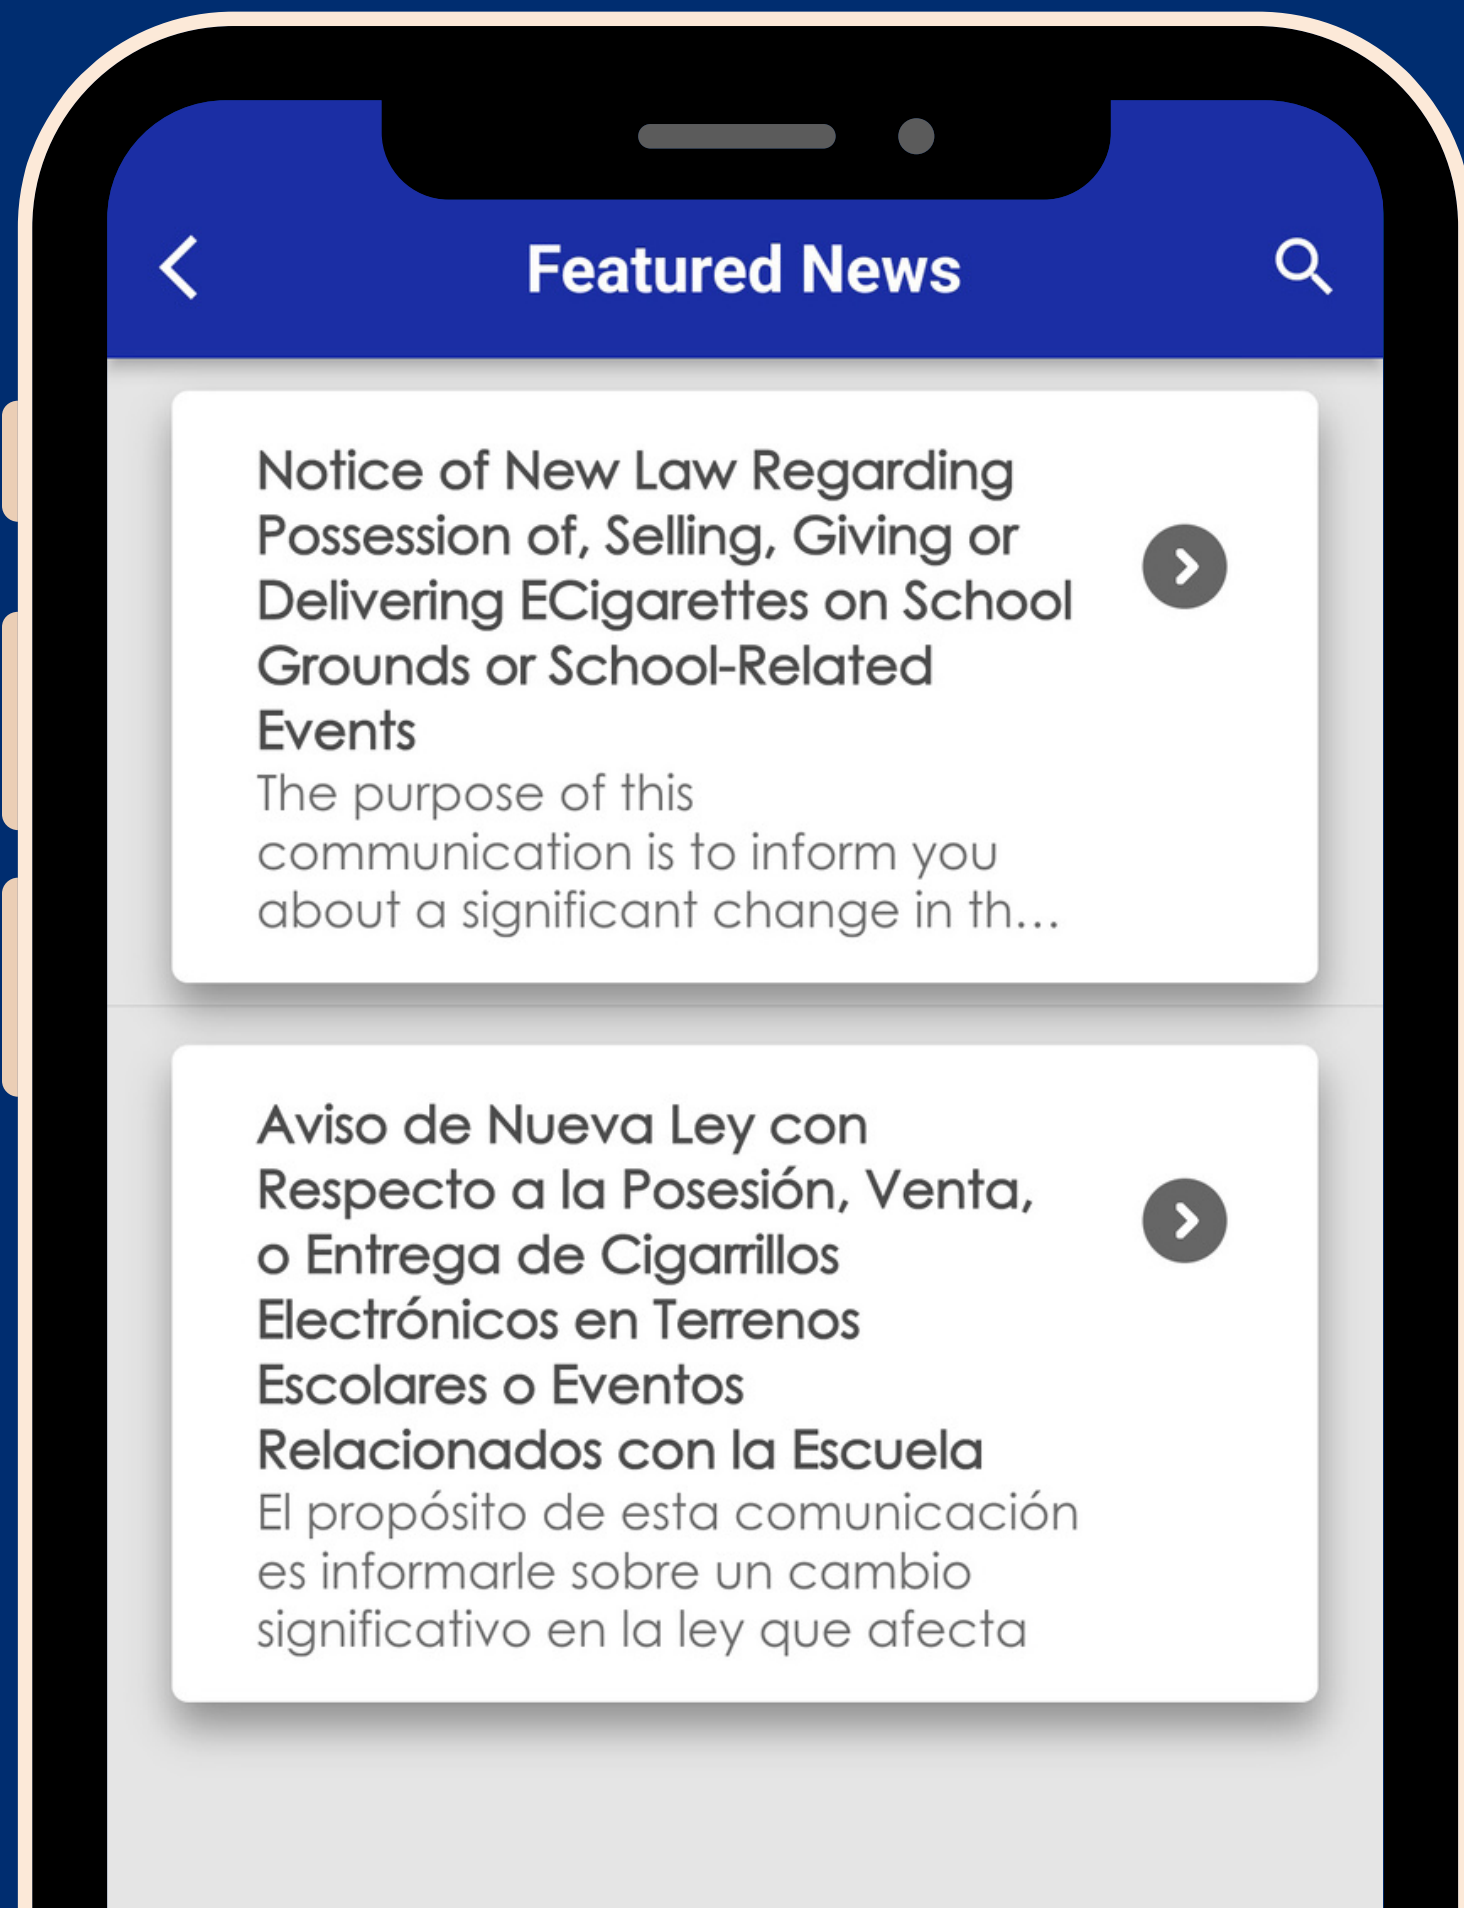

MyApps

MyApps provides a centralized platform for accessing various district-specific applications and resources. It enables quick and easy access to district-approved educational tools, communication platforms, and other relevant applications.
It is a One Stop Central Application Hub.

District Events

The District Events feature provides information about upcoming events happening across the district. It allows parents, students, and teachers to stay informed about important dates, parent-teacher meetings, school functions, and other district-wide events.
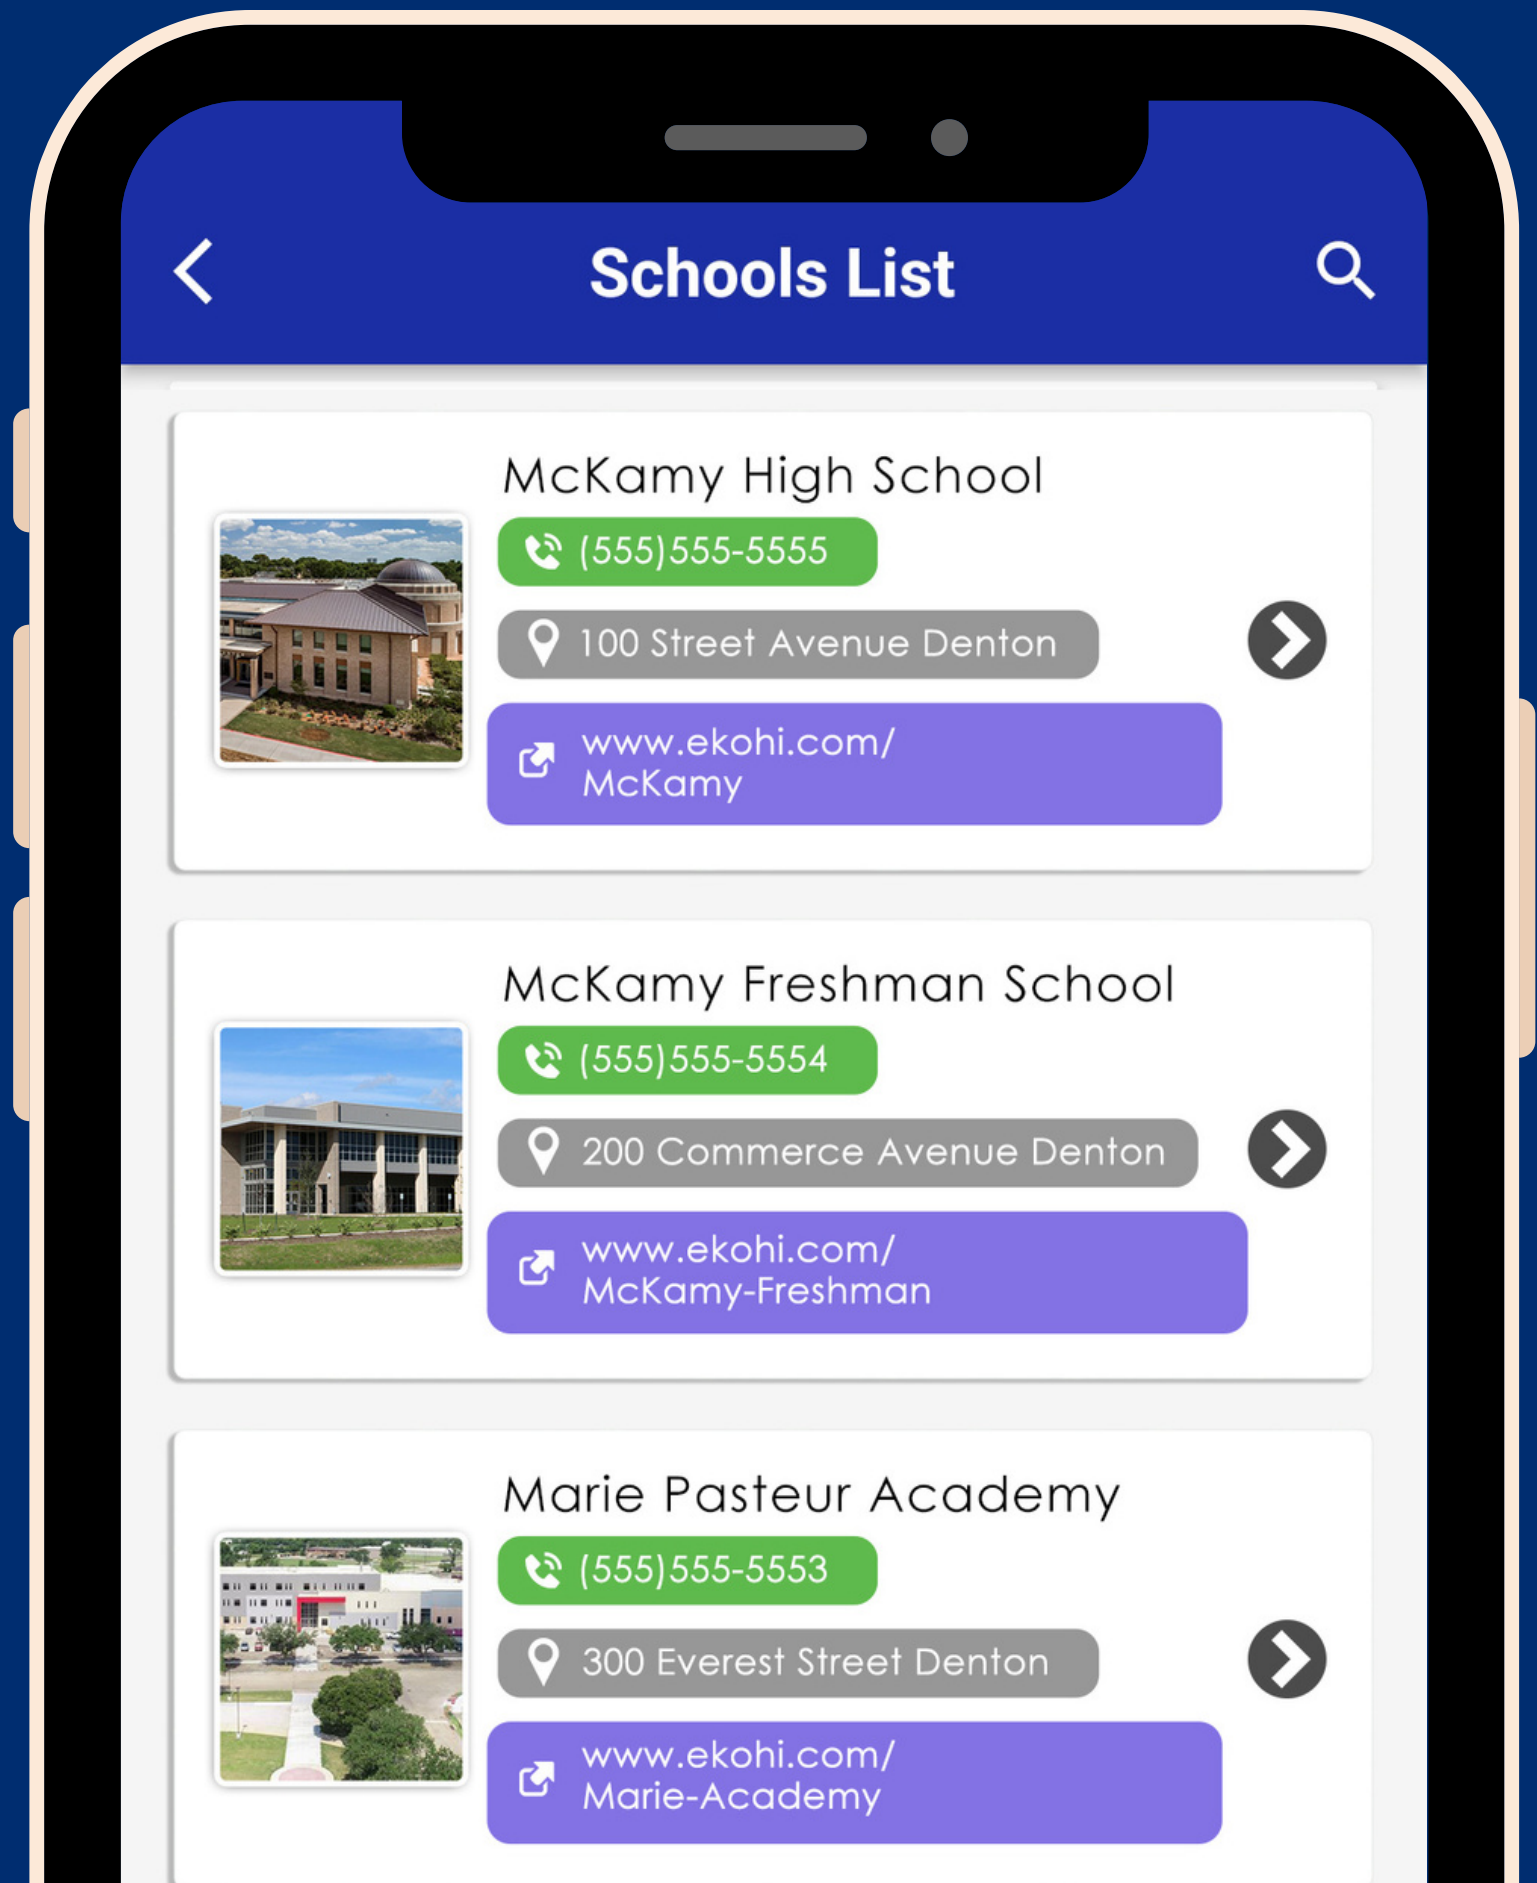

Featured News

eSkoolz includes a news section that highlights important news and updates from the district. This feature ensures that parents, students, and teachers are kept informed about district-wide initiatives, achievements, and other relevant news.
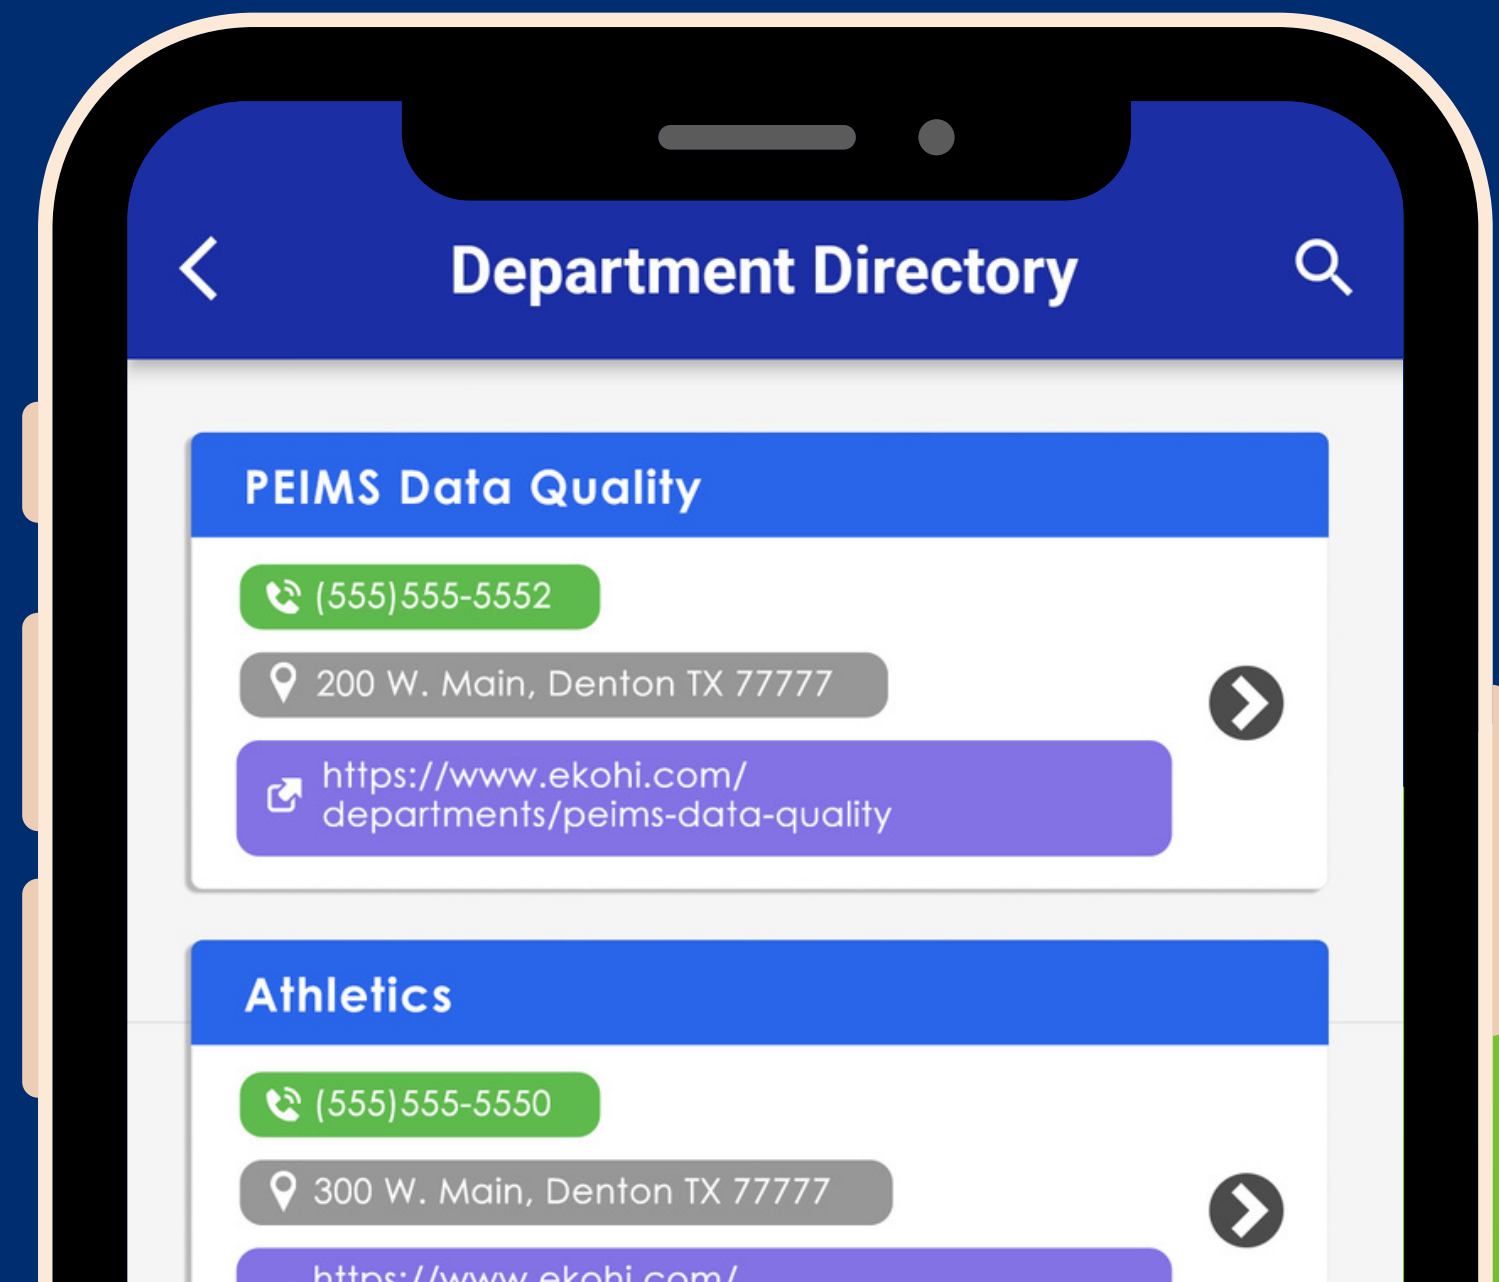

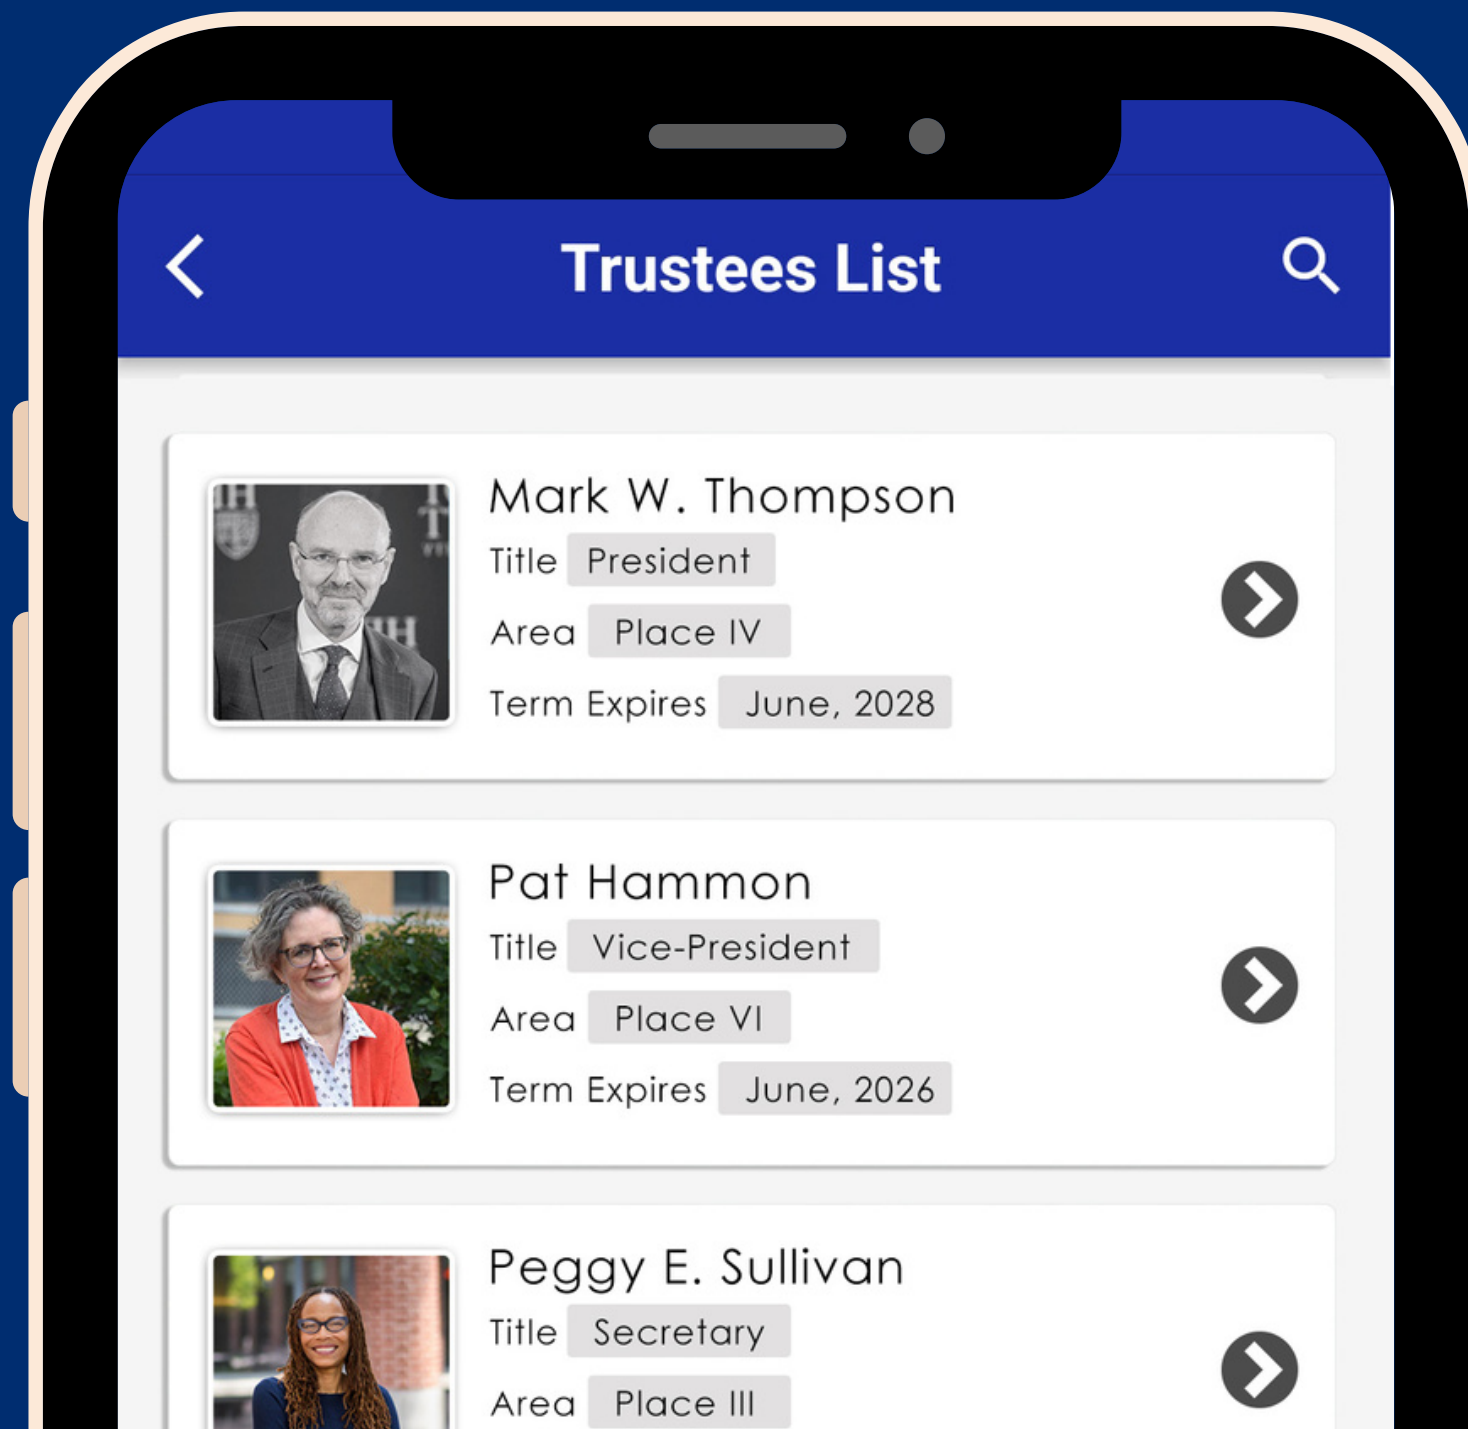

All Schools Info

This feature provides comprehensive information about all schools within the district. Users can access details such as school contact information, faculty listings, academic programs, extracurricular activities, and more.
Trustees and Departments

eSkoolz includes sections dedicated to providing information about district trustees and various departments. Users can access contact details, responsibilities, and other relevant information about the district's leadership and administrative teams.

By utilizing Google Flutter technology, eSkoolz ensures that the applications and features are developed once and can be distributed seamlessly across multiple platforms, including iOS and Android devices. This cross-platform compatibility allows users to access eSkoolz and its features regardless of their device preference, enhancing accessibility and user experience.

We are dedicated to empowering educational institutions with innovative solutions, leveraging technology, and providing comprehensive services that drive positive outcomes for students and organizations alike. Join us on this journey as we strive to revolutionize the education landscape and create a brighter future for learners everywhere.
