Educational Software Solutions

About Us

In 2009, Medixsoft Company was established with the aim of assisting clients in the education and healthcare sectors to enhance performance, navigate complex regulations, reduce costs, recover from distress, leverage technology, and drive growth. Our company works closely with clients to deliver sustainable and measurable results. We serve a diverse range of organizations, including leading academic institutions, healthcare organizations, Fortune 500 companies, and medium-sized businesses.

In 2022, Medixsoft underwent a rebranding process and emerged as eKohi Technologies, following the successful development of a series of educational software solutions tailored to address the specific challenges faced by school districts and universities. This expertise positions eKohi as the preferred choice for clients seeking tangible results.

PLANNING PROTOCOL DASHBOARD

Student Resource Access

Support Staff |

Planning Protocol Dashboards

The Planning Protocol Dashboards (PPD) empower school districts to seamlessly transition to 100% online resources, elevating the teacher experience to unparalleled heights while providing tailored Curriculum and Instructions (C&I) coding solutions. It is important to note that not all C&I planning protocol products are equal. It is the exceptional level of customization that sets eKohi-C&I Planning Protocol apart. Every aspect of the platform has been meticulously crafted with your needs in mind.

Yearly Documents

Within the PPD, you can effectively manage important yearly documents

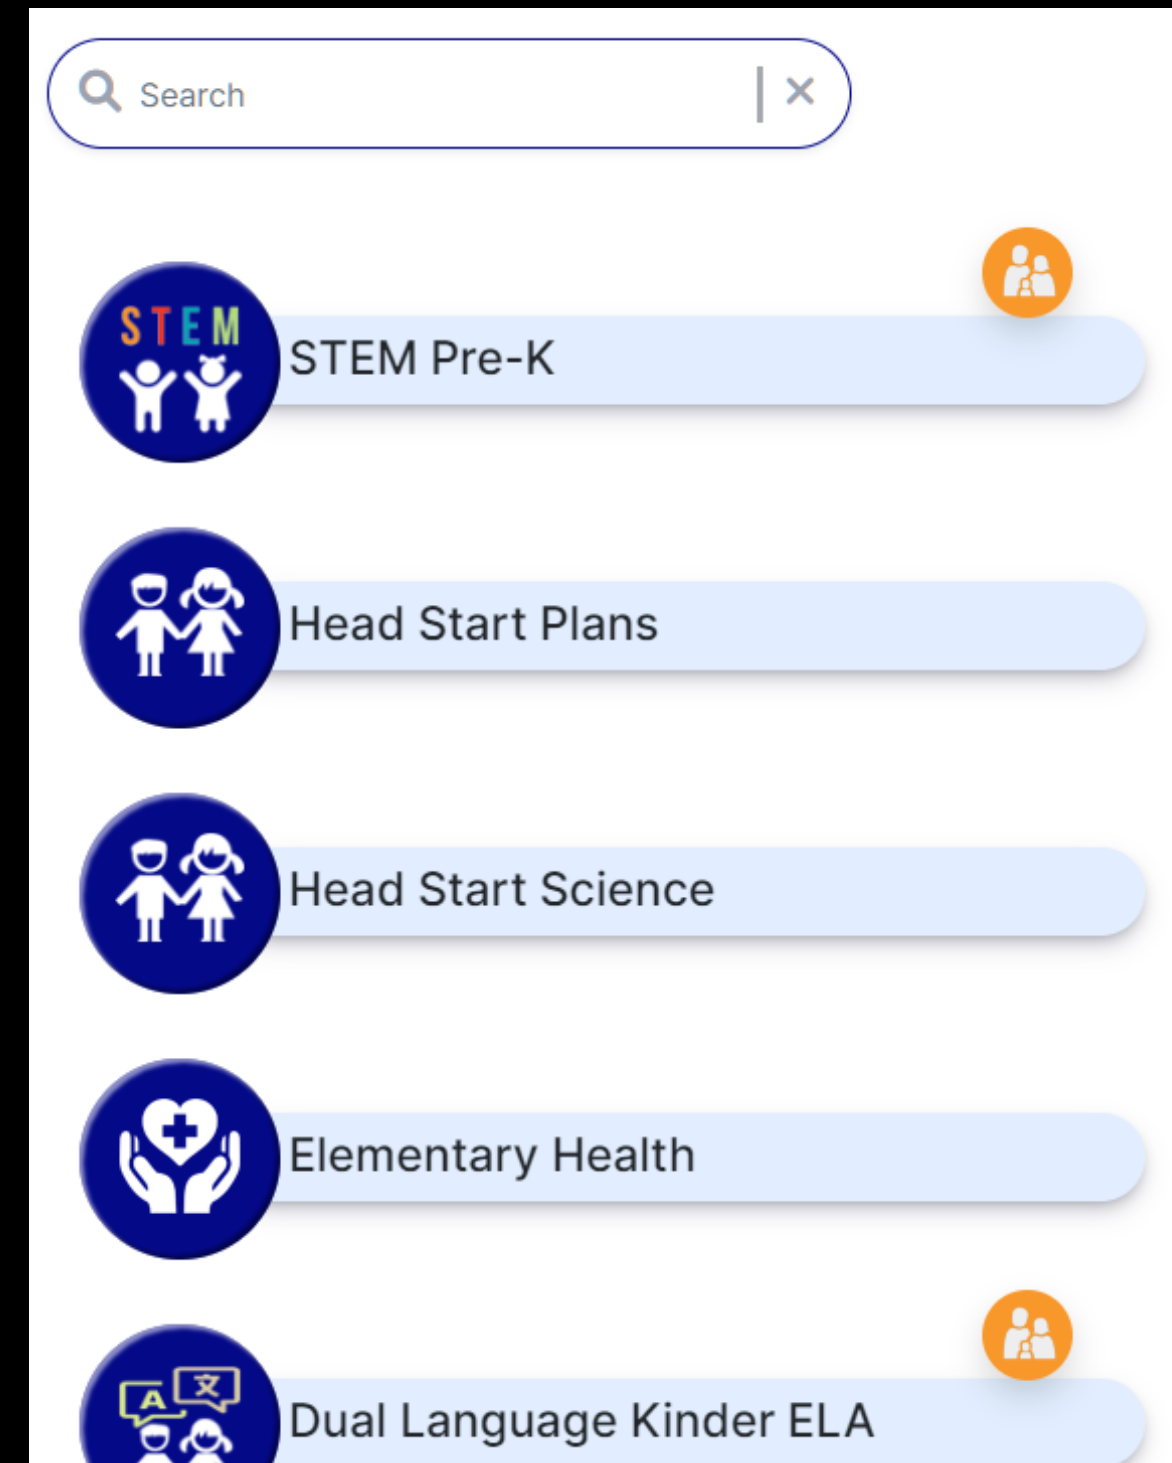

With the PPD, you have the capability to easily manage and access these yearly documents, ensuring streamlined organization and efficient planning throughout the academic year.

The screenshot displays the 'Yearly Documents' interface. At the top, there is a dark blue header with a document icon and the text 'Yearly Documents'. To the right of the header is a 'Select Year' dropdown menu currently set to '2023-2024 (Current)'. Below the header is a row of five action buttons: 'Upload Document', 'Upload Audio', 'Upload Link', 'Upload Video', and 'Create Folder'. The main content area shows a list of folders and documents. The first folder is 'Year at a Glance', which contains two documents: 'G3 ELAR YAG' and 'G3 ELAR YAG Texas Won...'. The second folder is 'Short and Extended Response Rubrics', which also contains two documents. On the right side of the interface, there is a 'Document Path' sidebar showing a file named '168552.pdf' and a preview of the document content, which includes sections for 'TEKS Introduced', 'TEKS Reviewed', and 'TX Wonders Progress Monitoring'.

Tile Management

The PPD offer a powerful feature known as Tile Management. With this feature, you have the ability to efficiently organize and manage subject areas such as ELA (English Language Arts), Math, Science, Social Studies, and more, categorized by specific grade levels.

By utilizing Tile Management within PPD, you can effortlessly structure and navigate through different subject areas and grade levels, ensuring a well-organized and user-friendly interface. This allows for seamless access to relevant resources, curriculum materials, and instructional content tailored to each specific subject and grade level.

Planning Guide / TEKS Management

The PPD offer a comprehensive Planning Guide feature that allows you to create detailed guides for each cycle, whether it be a 6-week cycle or a 9-week cycle. These planning guides serve as invaluable tools to outline the curriculum and instructional plans for specific time periods within the academic year. Coupled with a district's online resources, PPD can populate planning guides for all grades and subjects from day one and customized throughout the academic year.

The screenshot displays the 'Planning Guides' interface. At the top, there is a navigation bar with a 'Planning Guides' button, a 'Select Year' dropdown menu set to '2023-2024 (Current)', and three cycle selection buttons: '1st Six Weeks' (active), '2nd Six Weeks', and '3rd Six Weeks'. Below the navigation bar is a row of action buttons: 'Upload Document', 'Upload Audio', 'Upload Link', 'Upload Video', and 'Create Folder'. The main content area shows a file list with three folders: 'G3 1SW ELAR Road Map', 'G3 1SW ELAR Planning Guide', and 'G3 1SW ELAR Spelling Lists'. Each folder entry includes a folder icon, the name, a folder count (0), a document count (1), and a menu icon. On the right side, a preview window shows the 'Document Path' as 'G3 1SW ELAR Roa' and the file name '165896.pdf'. Below the preview, a table is partially visible with a header 'Genre 1' and a row 'Weeks 1 & 2'.

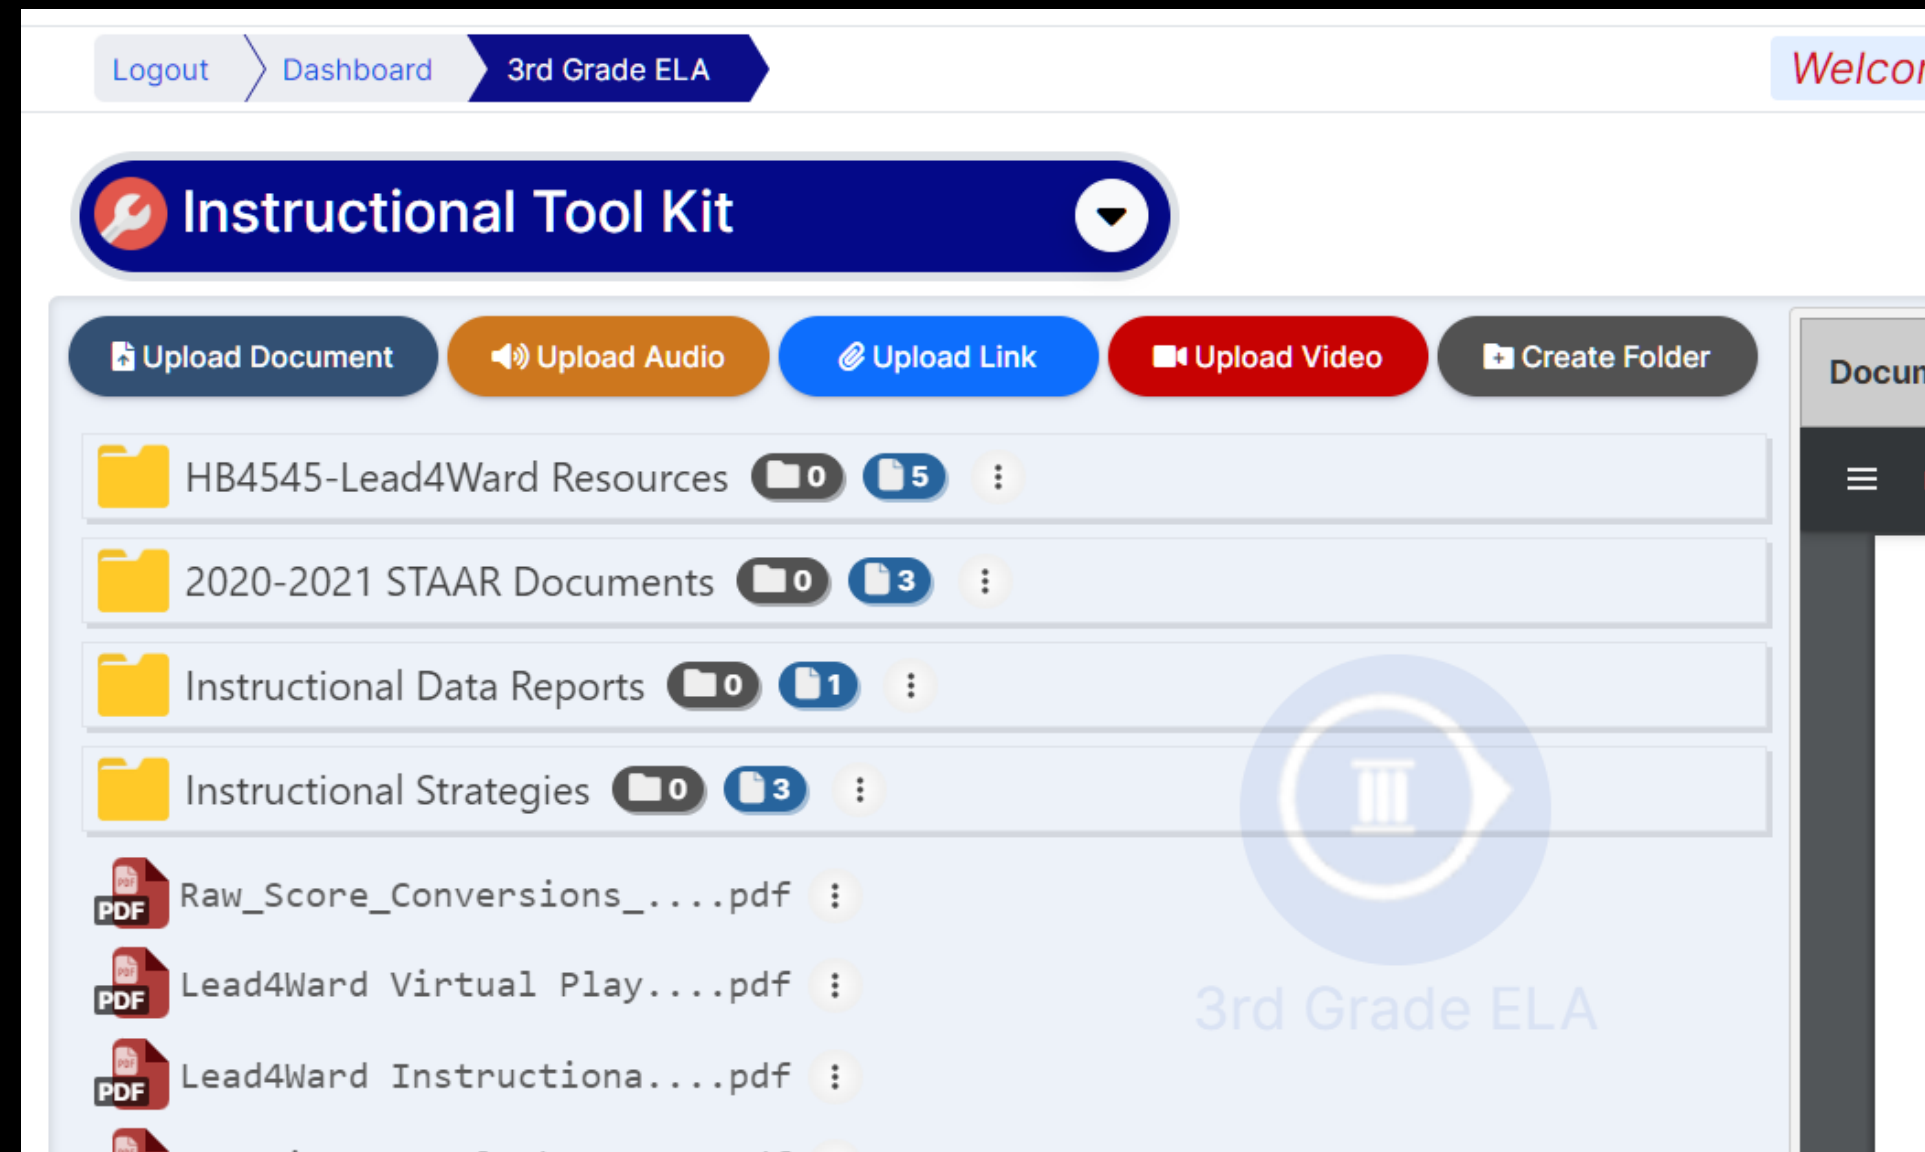

Genre 1
Weeks 1 & 2

Instructional Tool Kit

The PPD provide a comprehensive Instructional Tool Kit that includes a range of tools to support various instructional strategies. This Tool Kit encompasses resources for formative assessment, techniques to check for understanding, and processing activities, all aimed at enhancing student engagement and learning outcomes.

Instructional practices and provide guidance in different areas. Some examples of these playlists include:

- Movement and Discourse Playlist
- Rehearsal and Practice Playlist
- Extending Thinking Playlist
- Learning from Mistakes Playlist
- Evidence of Learning Playlist

The screenshot displays a web interface for the 'Instructional Tool Kit' within a '3rd Grade ELA' dashboard. The interface includes a navigation bar with 'Logout', 'Dashboard', and '3rd Grade ELA' links. Below the navigation bar is a search bar labeled 'Instructional Tool Kit'. A row of action buttons is visible: 'Upload Document', 'Upload Audio', 'Upload Link', 'Upload Video', and 'Create Folder'. The main content area shows a list of folders and files:

- HB4545-Lead4Ward Resources (0 folders, 5 files)
- 2020-2021 STAAR Documents (0 folders, 3 files)
- Instructional Data Reports (0 folders, 1 file)
- Instructional Strategies (0 folders, 3 files)
- Raw_Score_Conversions_....pdf
- Lead4Ward Virtual Play....pdf
- Lead4Ward Instructiona....pdf

A large watermark '3rd Grade ELA' is overlaid on the right side of the interface.

Digital Lesson Planner

The PPD offer a powerful Digital Lesson Planner feature that enables teachers to create digital lesson plans based on widely used templates. These templates include:

Engage, Explore, Explain, Elaborate, and Evaluate (5E) Template:

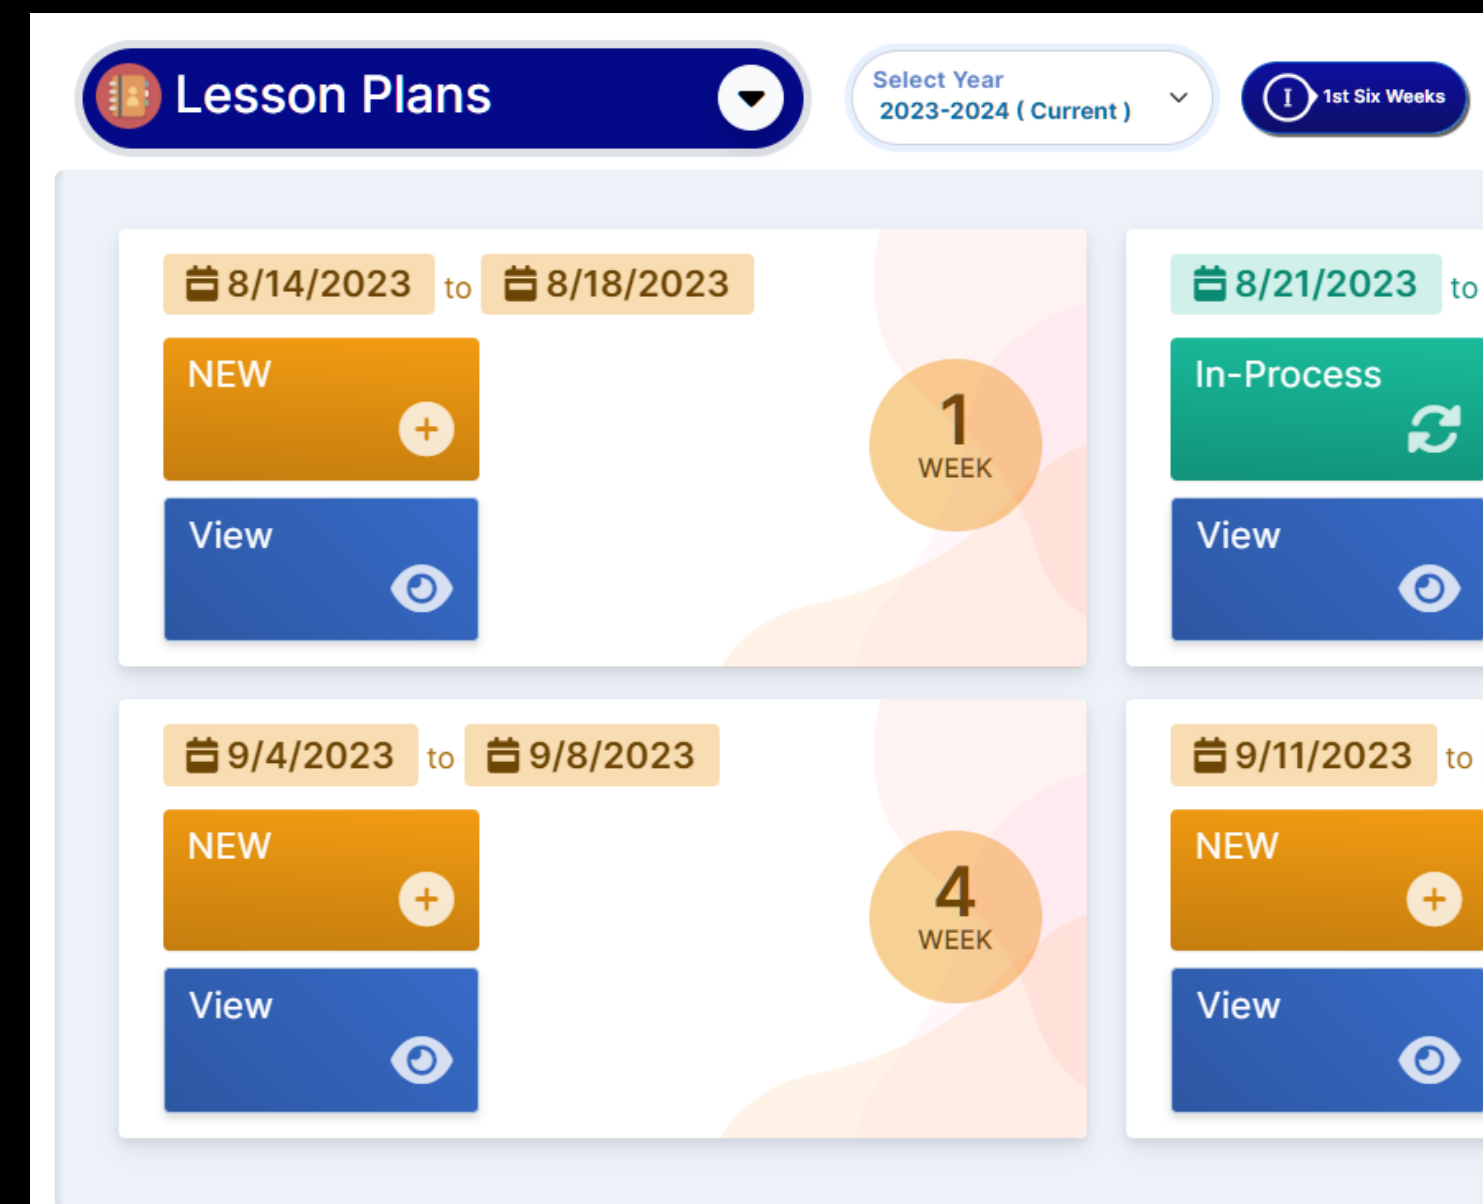

This template follows the 5E instructional model, providing a structured framework for engaging students in the learning process through various stages.

I do, you do, we do Template:

This template supports a gradual release of responsibility approach, guiding teachers through the stages of modeling, guided practice, and collaborative practice.

Custom Templates:

PPD also allows teachers to create their own customized lesson plan templates to align with their specific instructional needs and preferences.

Textbooks

Within the Planning Protocol Dashboards (PPD), you can easily upload all your textbooks to a centralized digital repository. This feature allows for efficient organization and management of textbooks, enabling quick and easy access for teachers and students.

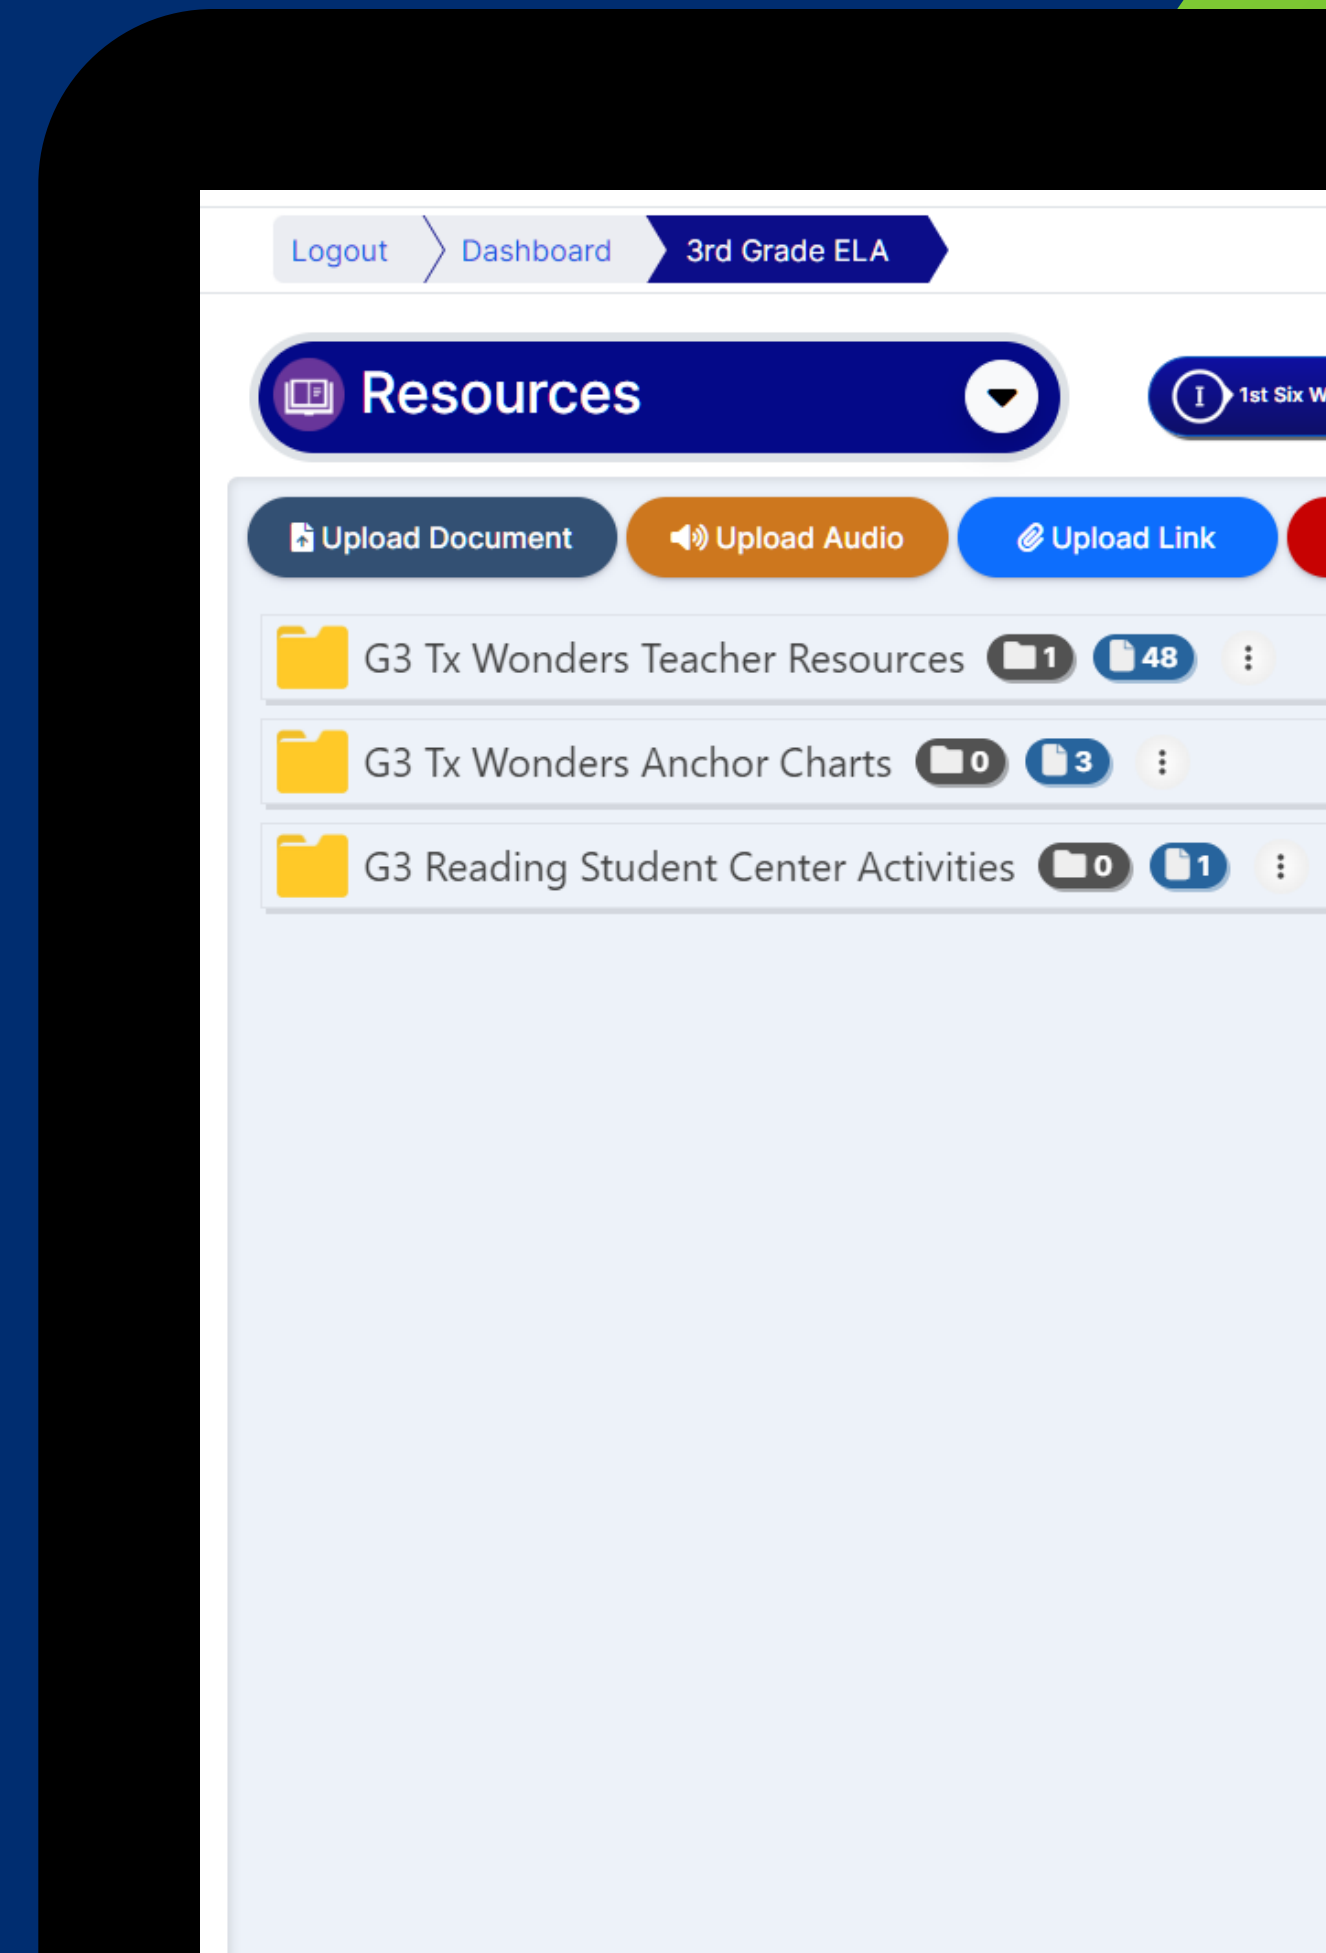

PPD provides the capability to organize the online textbooks within folders, making it convenient to structure them by cycle or any other desired categorization. This ensures a systematic arrangement of the resources, making it straightforward to locate specific textbooks when needed.

The screenshot displays the 'Textbooks' interface. At the top, there is a blue header with the word 'Textbooks' and a dropdown arrow. Below the header is a row of five buttons: 'Upload Document', 'Upload Audio', 'Upload Link', 'Upload Video', and 'Create Folder'. The main area shows a folder structure with four folders: '1st SW', '2nd SW', '3rd SW', and '4th SW'. Each folder has a folder icon, a document icon with a number, and a three-dot menu icon. The '1st SW' folder contains 4 documents, '2nd SW' contains 5, '3rd SW' contains 4, and '4th SW' contains 4. On the right side, there is a preview of a document titled 'G3 Overview.pdf' from the '1st SW' folder. The document path is '1st SW -> G3 Overview.pdf'. The document content shows the 'Texas Wonders' logo and the text 'Grade 3 • Unit 4'. The document is displayed at 91% zoom and is page 1 of 30.

Resources

The Planning Protocol Dashboards (PPD) offer a versatile resource management feature that allows users to store various types of resources required for curriculum and instruction. This includes resources in any format, accommodating the diverse needs of educators.

Within PPD, resources can be organized by cycle, subject area, and custom folders created by the user. This ensures a structured and easily navigable repository where educators can locate specific resources with ease. For example, teachers can store resources like spelling lists, English Language Learner (ELL) materials, fluency assessments, and much more.

Assessments

The PPD offer a robust feature for managing assessment documents. This includes various types of assessments such as progress monitoring, benchmarks, and summative assessments.

Within PPD, educators can upload and store assessment documents in different formats, including PDFs, Word documents, Excel spreadsheets, or any other compatible file format. These assessment documents can cover a range of evaluation methods and purposes, allowing educators to monitor student progress, conduct benchmark assessments, and administer summative evaluations.

The screenshot displays the 'Assessments' interface. At the top, there is a navigation bar with the 'Assessments' title, a 'Select Year' dropdown set to '2023-2024 (Current)', and six tabs for '1st Six Weeks' through '6th Six Weeks'. Below this is a toolbar with buttons for 'Upload Document', 'Upload Audio', 'Upload Link', 'Upload Video', and 'Create Folder'. The main area shows a file list with folders: 'G3 1SW ELAR Progress Monitoring' (4 files), 'G3 1ST ELAR Progress Monitoring Spanish' (3 files), and 'G3 1SW ELAR Summatives' (3 files). On the right, a document preview is shown for 'G3 ELA 1SW PM1.pdf', displaying the document path, page number (1/7), zoom level (100%), and the document title 'G3 ELA 1SW PM1'.

MySchool / MyDistrict

The Planning Protocol Dashboards (PPD) offer a powerful feature called MySchool / MyDistrict, which allows schools to effectively manage different types of calendars. This feature provides a centralized platform for organizing and maintaining various calendars relevant to the school or district's operations.

PPD's MySchool / MyDistrict feature enables the management of the following types of calendars:

- District Assessment Calendar
- A/B Calendar
- District Calendar
- Progress Report and Report Card Calendar
- State Assessment Calendar
